Please acknowledge:

- The rate increase is way out of line, pretty sure you have heard enough of that. Rescind it please. You are splitting our residents and creating havoc. Keep us the "One Human Family" that we have become.
- Having guests or family on our boats should not be a concern of the marina. (no more than any member of the commission should be limited to whom they allow in their own home). We are not leasing or running a rental and our guests need welcome whether we are present or not. If for no other reason, for someone to maintain the integrity of the vessel during our absence. i.e: Had someone been onboard Steve Duncan's boat (Dolphin 6) when it started taking on water (Feb 2021) the outcome could have been different. He was out of town. It sunk.

Thankyou for your consideration

Mitch Lind / Garrison resident
