Subject: Item # 10 Goals & Objectives for City Attorney

Shawn:

I wanted to share my thoughts with you prior to tonight's meeting. Here are my additions to the Mayor's list:

1. Review with planning staff the City LDRs to recommend changes to promote affordable housing within the city.
2. Work with CRA staff to recommend method to maximize leveraging options to support affordable housing.
3. Continue to work with state lobbying firm to track/monitor bills that will impact the City.
4. Hold an ethics/board training once per year for advisory board members in the City.

Any thoughts? Much of this you already do of course.

Thank you,

Samuel J. Kaufman
Commissioner, District 2
City of Key West, Florida
