**Subject:** Dr. Richard Walker appeal- 75 slip docking facility

Dear Cheri,

Please remove the subject appeal hearing from the September 5, 2018, Board of Adjustment meeting. The appeal has been resolved and the permit was reissued/reinstated today (August 31, 2018) as per the agreement reached between my client and the City. As such, a hearing does not need to be rescheduled.

Thank you,

Van
