RE: 503 Greene Street R.O.W. (permit application #7341)

FROM: Karen DeMaria
City of Key West Urban Forestry Manager,

An application was received for the removal **of (1) Gumbo Limbo tree.** A site inspection was done on 2015 and documented the following:

Tree Species: Gumbo Limbo (*Bursera simaruba*)

(to see additional photos, look at application)

Diameter: **9.2"**

Location: 80% (street planter)

Species: 100% (on protected tree list)

Condition: 20% (insects have invaded base of tree)

Total Average Value = 66%

Value x Diameter = **6 replacement caliper inches**

Recommendations: Recommend approval of the removal of (1) Gumbo Limbo tree located in the right of way in front of 530 Greene Street, to be replaced with 6 caliper inches of FL#1 native dicot or fruit trees on City property.

Application

7341

Tree Permit Application

Date: 3.24.15

Please Clearly Print All Information unless indicated otherwise.

Tree Address 503 Greene St ROW

<<<<< Sketch location of tree in this area including cross/corner Street >>>>>

Please identify tree(s) with colored tape

Owner of 503 Greene St commented to Tarzan Tree Care that city tree had termites and was in poor health.

If this process requires blocking of a City right-of-way, a separate ROW Permit is required. Please contact 305-809-3740.

Subject: Re: Gumbo Limbo at 503 Greene Street

This gumbo has termites at base of trunk and is all but dead the flexi-pave show s signs of grease or cleansers having been dumped

Thank you

Bill:

I have received a complaint regarding a City gumbo limbo tree in front of 503 Greene Street. Can you go by and look at the tree and give me your opinion on what the condition of the tree is. I will also go look. The complaint stated that there were termites.

I think there was some digging work done in this tree area (for water or sewer lines into the business) a few months ago. What is your opinion? I am aware that the property owner wants to remove the tree and have something "more desireable" in that planter.

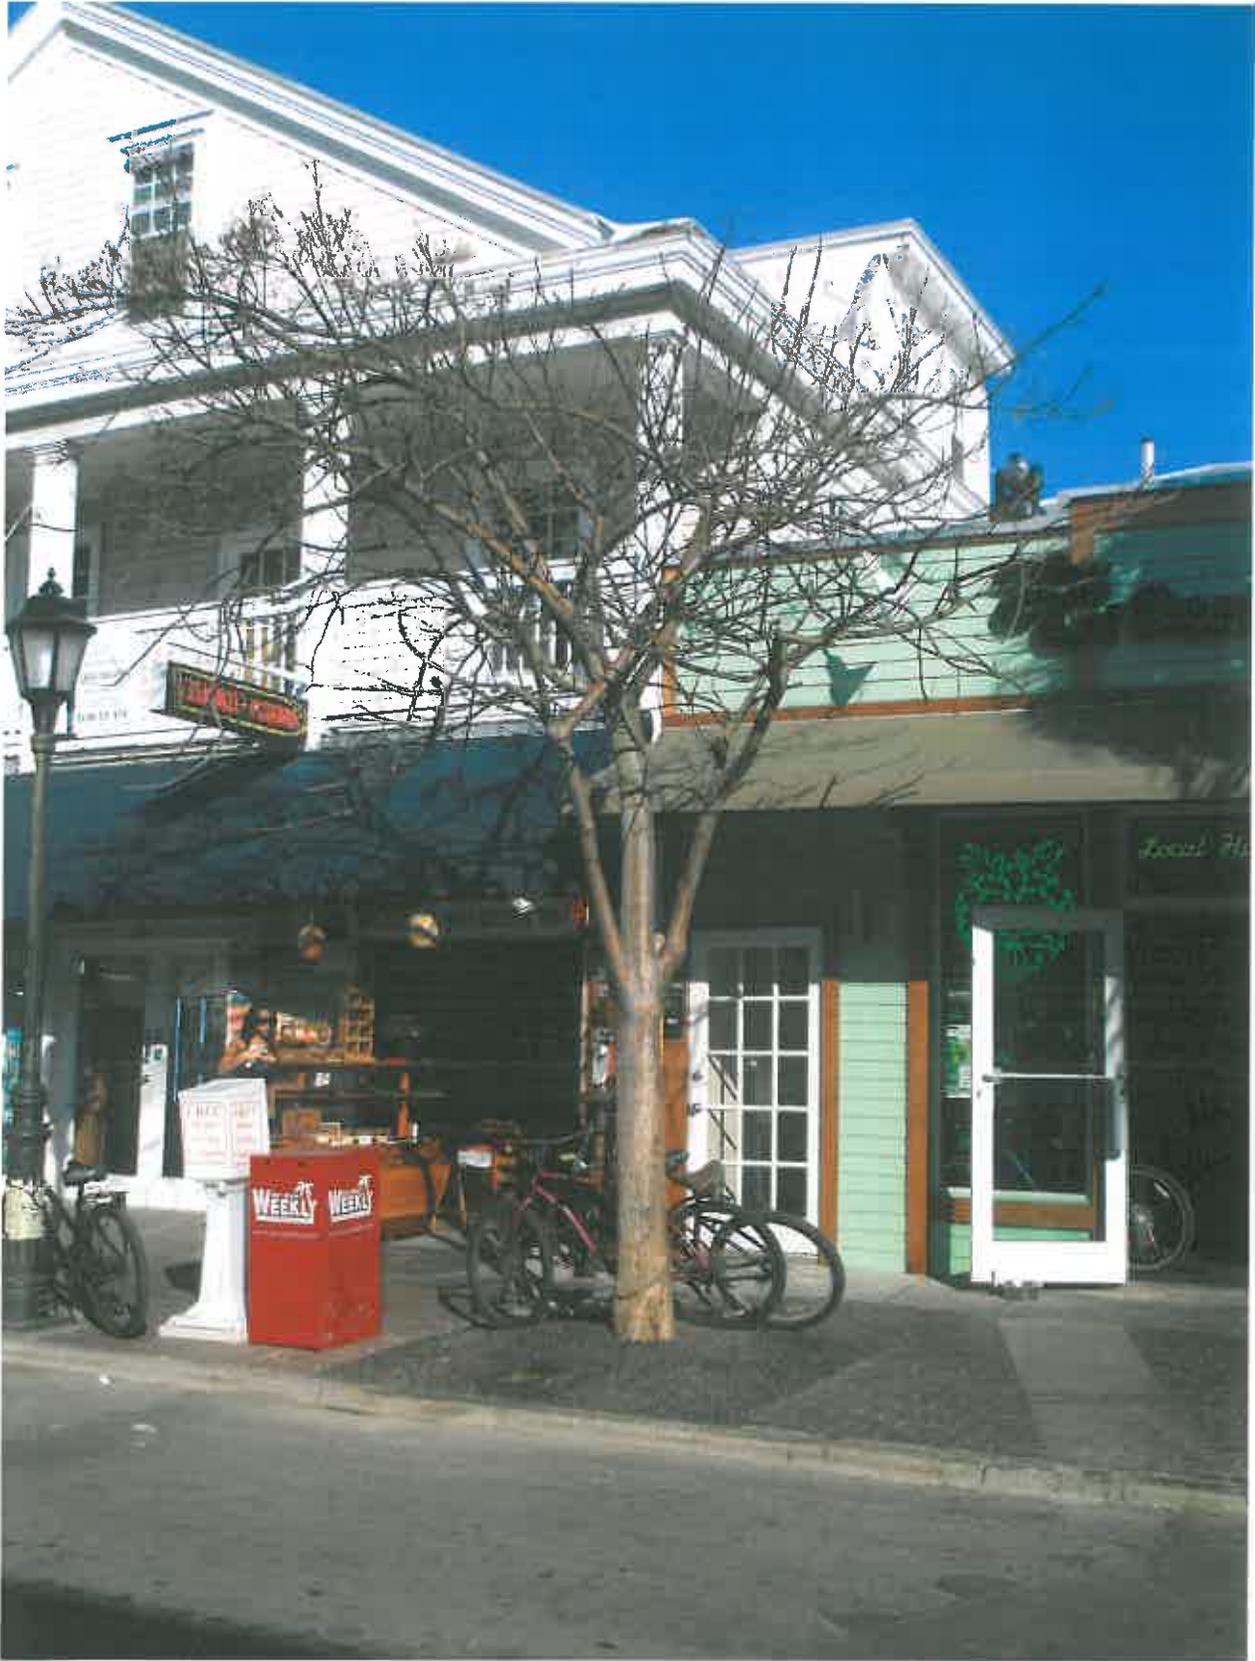

Sincerely,

Karen
