* Mileage readings for Gillig vehicle models are not reliable. Odometers not accurate.

Findings

- Vehicles are in good condition overall.
- CTC Agreements are not required from Public Agencies.
- Vehicle registrations and certificates of insurance are current. FDOT is listed as certificate holder.
- A Maintenance Plan and maintenance records were provided by the agency indicating proper maintenance of the vehicles on a regular basis.
- Agency reported that all Gillig vehicle models have problems with the odometers. Mileage readings are not reliable. Maintenance for these vehicles is done based on hours of operation from time meters attached to the vehicles.
- FDOT control number is displayed properly on all vehicles, except on vehicles # 95693, #186012 and #186021.

Recommendations

- Agency needs to properly display FDOT control number on vehicles #95693, #186012 and #186021.
