

STAFF REPORT

DATE: March 26, 2018

RE: **522 Simonton Street (permit application # T18-8891)**

FROM: Karen DeMaria, City of Key West Urban Forestry Manager

An application was received requesting the removal of **(1) Royal Poinciana tree**. A site inspection was done on March 2, 2018 and documented the following:

Tree Species: Royal Poinciana (*Delonix regia*)

03/02/2018

03/02/2018

03/02/2018

03/02/2018

03/02/2018

Diameter: 22.9" (two trunks, one rootball)

Location: 40% (one trunk impacting into roof, backyard tree)

Species: 100% (on protected tree list)

Condition: 40% (poor, visible stress cracks in trunk away from house, decay observed in trunk closest to house)

Total Average Value = 60%

Value x Diameter = 13.7 replacement caliper inches

NOTE: Property has been vacant for many years. Yard was overgrown and trees in poor shape. This tree was not considered a candidate for heavy trimming due to the poor condition and impact to structure.

Recommendation: Recommend approval of the removal of one (1) Royal Poinciana tree at 522 Simonton Street to be replaced with 13.7 caliper inches of dicot or fruit trees from approved list, FL#1, to be planted on site.
