INSTRUCTIONS TO BIDDERS

1. CONTRACT DOCUMENTS

A. FORMAT

The Contract Documents are divided into parts, divisions, and sections for convenient organization and reference. Generally, there has been no attempt to divide the Specification sections into work performed by the various building trades, work by separate subcontractors, or work required for separate facilities in the Project.

B. DOCUMENT INTERPRETATION

Separate sections contained within these Contract Documents are intended to be mutually cooperative and provide all details reasonably required for the execution of proposed work.

Should there be any doubt as to the meaning or intent of said Contract Documents, the Bidder should request of the Deputy Port and Marine Services Director, in writing (**at least 6 calendar days prior to Bid opening (September 23, 2021)**) an interpretation thereof. Any interpretation or change in said Contract Documents will be made only in writing in the form of Addenda to the Documents, which will be furnished to all registered holders of Contract Documents. Bidders shall submit with their Bids, or indicate receipt of all Addenda. The Owner will not be responsible for any other explanation or interpretations of said Documents.

2. SCOPE OF SERVICES

Project includes installing an additional #350KCMIL THWN wire from existing MDP panel to existing transformer T-6. There is a spare conduit from the MDP panel to the transformer that can be used for the installation of the new service entrance cable. The existing panel is fed from T-6 with #350KCMIL wire and the existing panel is to be upgraded to 600amps. The new panel is to have the same breakers as the existing and an additional 200amp breaker is to be furnished to feed the upgraded pedestal 22/23. The new panel is to be installed in a new marine grade enclosure.

The existing grounding electrode conductor is to be replaced with a new #2/0 conductor and bonded to the existing grounding electrodes. If it is found that the existing electrodes are insufficient for the new GEC, the electrodes are to be replaced at no additional cost.

There is a spare 3" conduit from the MDP panel and is stubbed under the walkway in front of the retail stores. Extend the spare conduit to the E-Dock and install new #4/0 G-cable from the MDP panel to pedestal 22/23. Install new marine grade 3-phase 200amp 600vac receptacle in existing pedestal. G-cable shall be secured to the underside of the E-Dock with 316 stainless steel supports.

The intent of this Scope of Work is to describe a functionally complete project (or part thereof) to be constructed in accordance with all applicable codes. Any work, materials, or equipment that may reasonably be inferred from this Scope of Work, as being required to produce the intended result shall be supplied whether or not specifically called for.

The Bidder who has a Contract awarded to him and who fails to promptly and properly execute the Contract or furnish the required Bonds shall forfeit the bid security that accompanied his bid, and the bid security shall be retained as liquidated damages by the CITY, and it is agreed that this said sum is a fair estimate of the amount of damages the CITY will sustain in case the Bidder fails to enter into a Contract or furnish the required Bonds. Bid security deposited in the form of cash, a certified check, or cashier's check shall be subject to the same requirement as a Bid Bond.

14. PUBLIC RECORDS REQUIREMENTS

The Bidder further agrees that the Owner may "non-perform" the work in the event that the low bid is in excess of available funding. Non-performance will be determined prior to Notice of Award.

Any work, materials, or equipment that may reasonably be inferred from the Contract Documents, as being required to produce the intended result shall be supplied, whether or not specifically called for in the Contract Documents.

- 1.12 During the Term of this Agreement, the City and its agents and contractors may continue to engage in necessary business activities during the operations of the Contractor. No personal property owned by City used in connection with these business activities shall be considered by the Contractor's insurance company as being in the care, custody, or control of the Contractor.

The Contractor shall obtain Certificates of Insurance comparable to those required of the Contractor from all contractors and sub-contractors. Such Certificates of Insurances shall be presented to the City upon request. ADDENDUM NO. 1

**E-DOCK 3-PHASE PEDESTAL UPGRADE
KEY WEST HISTORIC SEAPORT
ITB #21-018**

The information contained in this Addendum adds information to be included in the Bid and is hereby made a part of the Contract Documents. The referenced bid package is hereby addended in accordance with the following items:

QUESTIONS/ CLARIFICATIONS:

1. The table of contents part 2 and item 12 page 5 states that a payment and performance bond is not required. The advertised solicitation states that a bid security of 5% is required with the bid. Please confirm if payment and performance bonds are required for this project. There are several contradictions in the bid docs that make this unclear. Are we just supposed to provide a bid bond?

Per the Contract Documents all BIDS must be accompanied by a BID SECURITY in the form of cash, a certified check, a cashier's check or a bid bond. PAYMENT and PERFORMANCE BONDS are not applicable to this ITB.

2. Page 4 -item 6.C of the Instructions to Bidders asks for the bidders experience for metal building construction. Are we to provide references for metal building construction or marine dock wiring?

***"new or major retrofit metal building construction"* wording to be replaced with "marine electrical"**

3. The term of the contract is stated as 45 days. The lead time on the equipment may exceed the 45 day duration. We request that the contract time be extended to 60 days.

Contract time to remain 45-days. Notice to Proceed will take material lead times into consideration.

4. Page 39, License Requirement states that the bidder must be a general contractor, building contractor or engineering contractor. Electrical contractor is not listed as an

acceptable bidder for this project. Can a electrical contractor bid this project as the prime contractor or will we have to work under the listed professions?

Add "Electrical Contractor" to listed professionals

All other elements of the Contract and Bid documents, including the Bid Date shall remain unchanged. All Bidders shall acknowledge receipt and acceptance of this **Addendum No. 1** by submitting the addendum with their proposal. Proposals submitted without acknowledgement or without this Addendum may be considered non-responsive.
