

Historic Architectural Review Commission Staff Report for Item 28

To: Chairman Bryan Green and Historic Architectural Review
Commission Members

From: Kelly Perkins, MHP
HARC Assistant Planner

Meeting Date: April 26, 2016

Applicant: William Shepler

Application Number: H16-03-0030

Address: #822 Sawyers Lane and #314 Margaret Street

Description of Work:

Partial demolition of one-story cbs structure.

Site Facts:

The one-story, cbs building located at 822 Sawyers Lane first appears on the 1962 Sanborn map, making it historic. It is also similar to 818 Sawyers Lane in that it is oriented towards the north and not towards any road. It is an interior lot with only a walkway to Robert's Lane.

This property came before HARC last December as part of the relocation of 818 Sawyers Lane and the construction of a new building. The project was postponed.

Ordinance Cited in Review:

Sec. 102-218 (a): Criteria for demolition of a historic or contributing building.

Staff Analysis

This Certificate of Appropriateness proposes the partial demolition of a historic cbs structure. The structure appears to have been greatly altered over the years and has little original character left. The structure currently sits on three different addresses: 822

Sawyers Lane, 314 Margaret Street, and 310 Margaret Street. The demolition proposed is only for the portions of the building that are on 314 Margaret and 822 Sawyers Lane. Staff feels that these elements do not meet the following criteria stated in Sec.102-218(a):

- (1) The structure does not embody distinctive characteristics and are not significant and distinguished entity. Staff feels that their components lack individual distinction.
- (2) The structure is not specifically associated with events that have made a significant contribution to local, state, or national history;
- (3) The structure has no significant character, interest, or value as part of the development, heritage, or cultural characteristics of the city, state or nation, and are not associated with the life of a person significant in the past;
- (4) The structure to be demolished is not the site of a historic event with a significant effect upon society;
- (5) The structure does not exemplify the cultural, political, economic, social, or historic heritage of the city;
- (6) The structure does not portray the environment in an era of history characterized by a distinctive architectural style;
- (7) The structure is not related to a square, park, or other distinctive area.
- (8) The structure does not have a unique location or singular physical characteristic which represents an established and familiar visual feature of its neighborhood or of the city, and do not exemplify the best remaining architectural type in a neighborhood; and
- (9) The structure has not yielded, and are not likely to yield, information important in history.

This application is for only partial demolition, where a wall will remain. As Staff stated in the staff report for the design of 822 Sawyers Lane, leaving a portion of a wall that is almost 14 feet tall with bracing is not an appropriate addition to the historic district. Staff worries about the precedence set by demolishing a structure, with the exception of a remnant that will need an excessive amount of bracing to remain standing.

As the structure is historic, two readings are required for demolition.

CERTIFICATE OF APPROPRIATENESS
APPENDIX FOR DEMOLITIONS
APPLICATION NUMBER H- _____

This document applies only to those properties located within the City of Key West Historic Zoning Districts, properties outside the historic zoning districts which are listed as contributing in the Historic Architectural Survey and or properties listed in the National Register of Historic Places.

Applications must meet or exceed the requirements outlined by the Secretary of the Interior's Standards for Rehabilitation and Guidelines for Rehabilitation and the Key West's Historic Architectural Guidelines. Once submitted, the application shall be reviewed by staff for completeness and scheduled for presentation to the Historic Architectural Review Commission for the next available meeting, unless the demolition request is for a *bona fide* Code Compliance case, in which case staff may review and approve the demolition request. **The applicant must be present at this meeting. Any person that makes changes to an approved Certificate of Appropriateness must submit a new application with such modifications.**

The filing of this application does not ensure approval as submitted. Applications that do not possess the required submittals or documentation will be considered incomplete and will not be reviewed for approval.

CRITERIA FOR DEMOLITIONS

Before any Certificate of Appropriateness may be issued for a demolition request, the Historic Architectural Review Commission must find that the following requirements are met (please review and comment on each criterion that applies);

- (1) If the subject of the application is a contributing or historic building or structure, then it should not be demolished unless its condition is irrevocably compromised by extreme deterioration or it does not meet any of the following criteria:

- (a) The existing condition of the building or structure is irrevocably compromised by extreme deterioration.
