Karen,

Tree permit application and rep authorization form attached for 405 William St. Removal of one coconut palm and one FrangiPani.

The coconut has been a problem dropping nuts, and the tree does not seem to be the in the best of health, woodpeckers have been working on it for some time.

The FrangiPani has shifted since Irma & is damaging the siding of the house, the owner wants to prevent any future problems. I would characterize this tree's health as declining/average.

The trees are taped for you. Please contact me with any questions.

Thanks,

Paul Gomer

Karen,

The FrangiPani exceeds the four inch limit so it'll need commission review. I'll be representing the Howers at the meeting.

Thanks,

Received, thank you. The frangipani trees, if over 4" diameter, will have to go to the Tree Commission for review. Today is the deadline for the July 9 Tree Commission meeting. Palm removals are staff approvals.

Sincerely,

Karen
