David –

Just to confirm the price would stand at \$712 per anchor (demo/anchor/anchor head), as bid, for up to an additional 35 anchors.

Thanks

Hi Karen,

Yes, that is correct and we would be glad to provide any additional anchors you require.

Best regards,

David

David -

The City has reviewed your bid and found American Underwater Contractors to be apparent responsive low bidder. Prior to bringing forward for ratification we are requesting a confirmation that your pricing per anchor of \$712 (demo/anchor/anchor head) stands for up to an additional 35 anchors.

I appreciate you expedient response.

Thanks
