The undersigned, hereinafter called the Bidder, declares that the only persons or parties interested in this Bid are those named herein, that this Bid is, in all respects, fair and without fraud, that it is made without collusion with any official of the Owner, and that the Bid is made without any connection or collusion with any person submitting another Bid on this Contract.

The Bidder further declares that he has carefully examined the Contract Documents for the construction of the project, that he has personally inspected the site, that he has satisfied himself as to the quantities involved, including materials and equipment, and conditions of work involved, including the fact that the description of the quantities of work and materials, as included herein, is brief and is intended only to indicate the general nature of the Work and to identify the said quantities with the detailed requirements of the Contract Documents, and that this Bid is made according to the provisions and under the terms of the Contract Documents, which Documents are hereby made a part of this Bid.

CONTRACT EXECUTION AND BONDS

The Bidder agrees that if this Bid is accepted, he will, within 10 days, not including Sundays and legal holidays, after Notice of Award, sign the Contract in the form annexed hereto, and will at that time, deliver to the Owner examples of the Performance Bond and Payment Bond required herein, and evidence of holding required licenses and certificates, and will, to the extent of his Bid, furnish all machinery, tools, apparatus, and other means of construction and do the Work and furnish all the materials necessary to complete all work as specified or indicated in the Contract Documents.

CERTIFICATES OF INSURANCE

Bidder agrees to furnish the Owner, before commencing the Work under this Contract, the certificates of insurance as specified in these Documents.

GENERAL INSURANCE REQUIREMENTS

- A. During the term of the Contract, the Contractor shall provide, pay for, and maintain with insurance companies satisfactory to the City of Key West (City), the types of insurance described herein.
- B. All insurance shall be from responsible insurance companies eligible to do business in the State of Florida. The required policies of insurance shall be performable in Monroe County, Florida, and shall be construed in accordance with the laws of the State of Florida.
- C. The City shall be specifically included as an additional insured on the Contractor's Marine General Liability, Umbrella Liability and Business Automobile Liability policies including a waiver of subrogation clause in favor of the City of Key West on all policies, and shall also provide the "Severability of Interest" provision (a/k/a "Separation of Insured's" provision). The City's additional insured status should be extended to the Completed Operations coverage.
- D. The Contractor shall deliver to the City, prior to the City issuing the Notice to Proceed, properly executed "Certificate(s) of Insurance", setting forth the insurance coverage and limits required herein. The Certificates must be personally, manually signed by the authorized representative of the insurance company(s) shown on the Certificate of Insurance with proof that the person signing the certificate is an authorized representative thereof. In addition, certified, true and exact copies of the insurance policies required herein shall be provided the City, on a timely basis, if requested by the City.
- E. Ten days after the City has issued the Notice to Proceed, if Contractor refuses or otherwise neglects to deliver the required Certificate(s) of Insurance personally and manually signed by the authorized representative of the insurance company(s), the City may, at the City's sole discretion, (a) terminate or suspend this Contract and seize the amount of Contractor's bid security (Bid Bond, cash or other security acceptable to the City).
- F. The Contractor shall take immediate steps to make up any impairment to any Aggregate Policy Limit upon notification of the impairment. If at any time the City requests a written statement from the insurance company(s) as to any impairment to the Aggregate Limit, the Contractor shall promptly authorize and have delivered such statement to the City.
- G. The Contractor authorizes the City and/or its insurance consultant to confirm all information furnished to the City, as to its compliance with its Bonds and Insurance Requirements, with the Contractor's insurance agents, brokers, surety, and insurance carriers.
- H. All insurance coverage of the Contractor shall be primary to any insurance or self-insurance program carried by the City. The City's insurance or self-insurance programs or coverage shall not be contributory with any insurance required of the Contractor in this Contract.
- I. The acceptance of delivery to the City of any Certificate of Insurance evidencing the insurance coverage and limits required in the Contract does not constitute approval or agreement by the City that the insurance requirements in the Contract have been met or that the insurance policies shown in the Certificates of Insurance are in compliance with the Contract requirements.
- J. No work or occupancy of the premises shall commence at the site unless and until the required Certificate(s) of Insurance are in effect and the written Notice to Proceed is issued to the Contractor by the City.

- K. The insurance coverage and limits required of the Contractor under this Contract are designed to meet the minimum requirements of the City. They are not designed as a recommended insurance program for the Contractor. The Contractor alone shall be responsible for the sufficiency of its own insurance program. Should the Contractor have any question concerning its exposures to loss under this Contract or the possible insurance coverage needed therefore, it should seek professional assistance.
- L. Should any of the required insurances specified in this Contract provide for a deductible, self-insured retention, self-insured amount, or any scheme other than a fully insured program, and the insurance company providing the coverage will not agree in writing to pay the deductible or retention including the costs of defense as provided for in its policy without consideration of the deductible or retention in the settlement of insured claims, then the Contractor agrees, if required by the City to provide, pay for, and maintain a surety bond acceptable to the City from an insurance company acceptable to the City (or a standby irrevocable Letter of Credit acceptable to the City) in the amount of the deductible or retention, guaranteeing payment of the deductible or retention. Said guarantee is to continue for four (4) years following completion of the Work.
- M. All of the required insurance coverage shall be issued as required by law and shall be endorsed, where necessary, to comply with the minimum requirements contained herein.
- N. All policies of insurance required herein shall require that the insurer give the City thirty (30) days advance written notice of any cancellation, intent not to renew any policy and/or any change that will reduce the insurance coverage required in this Contract, except for the application of the Aggregate Limits Provisions.
- O. Renewal Certificate(s) of Insurance shall be provided to the City at least twenty (20) days prior to expiration of current coverage so that there shall be no interruption in the work due to lack of proof of the insurance coverage required of the Contractor in this Contract.
- P. If the Contractor fails to provide or maintain the insurance coverage required in this Contract at any time during the term of the Contract, the City may terminate or suspend this Contract.
- Q. If the Contractor utilizes contractors or sub-contractors to perform any work governed by this agreement, the Contractor will ensure all contractors and sub-contractors maintain the same types and amounts of insurance required of the Contractor. In addition, the Contractor will ensure that the contractors and sub-contractors insurances comply with all of the Insurance Requirements specified for the Contractor contained within this agreement. The Contractor shall obtain Certificates of Insurance comparable to those required of the Contractor from all contractors and sub-contractors. Such Certificates of Insurances shall be presented to City upon request.
