About Me:

Lifelong resident of Key West. Community minded individual who loves the island and all those who make Key West their home. This Island and community has given me the best life and I enjoy giving back. I have particular interest in supporting youth centric programs/interest. I am a mentor with Take Stock in Children and serve on the board of the Boys And Girls Club of Key West.

My 33 year career has given me the opportunity to grow my leadership and decision making skills. I thrive in team settings, where the contributions of many combine to accomplish a single mission.
