Total	\$20,580.00

We propose to furnish material and labor, complete in accordance with the above specifications, for the lump sum of:
Fifty-One Thousand One Hundred Thirty Dollars and 00/100..... \$ 51,130.00

Authorized Signature

Kevin Adams ~ Estimator

Date 5/27/2022

Acceptance of proposal:

I understand that I am bound to this agreement to pay the balance upon completion of work. I further understand and agree that any cost incurred by Nearshore Electric, Inc. caused by collection action on my account, including attorney's fees, court cost and interest due to delinquency, or returned check fee (\$50.00) will be my responsibility and will be paid as part of my balance. If this is a corporation, the undersigned agrees to be personally responsible for any purchases made by the corporation pursuant to this agreement. The above price, specifications and conditions are satisfactory and are hereby accepted. You are authorized to do work as specified. Payment will be made as outlined above. Any purchases made with credit card will incur a 2% surcharge. Purchaser agrees all materials to remain seller's possessions until paid in full.

Proposal is good for 30 days and is subject to increase due to COVID-19

Price Volatility and Increased Costs Due to COVID-19: The parties acknowledge that some of the materials and products to be used and installed in the construction of this project may become unavailable, delayed in shipment, and/or subject to price increases due to circumstances beyond the control of the contractor, including the COVID-19 pandemic. If a specified product is unavailable or shipment is delayed, contractor shall provide written notice and shall be afforded additional time and substitute products may be considered. If there is an increase in price of materials, equipment or products between the date of this contract and the time when the job is ready for installation of the affected material(s), the amount of this contract shall be increased to reflect the additional cost to obtain the materials, provided that the contractor gives the owner/general contractor written notice and documentation of the increased costs

High quality of light and color rendering (90+ CRI, 50+ R9),
with low flicker, flicker <30%,
Smooth dimming. Dimming lower than 10%.

RA – CHART: >90

RA refers to the average value of R1 to R8.

R9 is the score that represents how accurately a light source will reproduce strong red colors. "Accurate" is defined as similarity to daylight or incandescent bulbs, depending on the color temperature.

R VALUES

R1=94	R2=99	R3=97	R4=92	R5=94	R6=97	R7=90
R8=80	R9=59	R10=96	R11=93	R12=86	R13=95	R14=100

TM30 GRAPHIC

TM-30 deals with the color rendition of object.

Rf- a fidelity index that is similar to the commonly used CRI

Rg- a gamut index that provides information about saturation

Color vector graphic- a graphical representation of hue and saturation relative to a reference source.

OverviewReviewsProduct Q&A

Product Overview

Feature:

- Made in the USA
- Marine grade finish available which provides superior salt, humidity, and UV protection. Marine grade finish comes with 5 year manufacturer warranty
- All painted finishes are powder coated for an attractive, durable, and scratch-resistant finish
- Cast aluminum wall mount with heavy duty spun aluminum shade
- UL and ETL listed
- Wet location rated
- Limited 1 year manufacturer warranty
- ADA compliant
- Dimmable: Yes
- Requires (1) 200 watt medium (E26) bulb

Dimensions:

- Height: 12.5"
- Width: 6" (measured from furthest point left to furthest point right on fixture)
- Extension: 6"
- Shade height: 12.5"
- Shade diameter: 6"
- Backplate diameter: 4.25"
- Backplate depth: 0.13"

Light Source:	Integrated LED
	3 Step Mac Adam Ellipse
Rated Life:	50000 Hours
Mounting:	Installs over a 3" or 4" Junction Box, Can be mounted on ceiling or wall in all orientations
Finish:	Electroplated Brushed Nickel, Electroplated Chrome
Operating Temp:	-4°F to 104°F (-20°C to 40°C)
Standards:	ETL, cETL, Damp Location Listed, Energy Star 2.0, Title 24 JA8-2016 Compliant, ADA

directional efficiency

- 50W, 80W and 110W models replacing up to 400W HID
- Light panel can rotate once the base is tightened to direct light out of the fixture
- Includes a fan and thermal sensor to run cool and ensure a long and bright life
- Enclosed fixture safe and approved for damp locations
- USA designed and specified driver
- Available in 3000, 4000 and 5000K

includes support
feet to prevent
socket sag

*LED-8089 and 8090 only

LED-8090M offers
choice of optics

Applications:

Parking structures, storage areas, shopping area walkways, entryway, and low level security.

Features

- Sealed die-casting profile for indoor and outdoor applications.
- Voltage is 120-277V & 347V.
- Lumen output from 3500-7600lm with efficacy up to 127lm/W.
- Parking Garage Photometry
- Increase energy savings with bi-level motion sensor.
- Replacing 150W MH to 250W MH.
- Operating temperature is -40°C to 40°C (-40°F to 104°F).
- UL/cUL wet location and DLC premium qualified.

1/2 inch threaded hole
Support wires coming from the hole for easier wire connections.

Emergency Battery
900lm, 90min (optional)

PIR Sensor
Optional PIR sensor allows for security and energy saving

Mounting Bracket
Suitable for J-BOX mounting and easy for installation, also support pendant mounting

Housing
One piece die cast housing for better waterproofing, suitable for both indoor and outdoor applications
