RE: 1313 Simonton Street (permit application # T2022-0302)

FROM: Karen DeMaria, City of Key West Urban Forestry Manager

An application was received requesting the removal of (1) Royal Poinciana tree. A site inspection was done and documented the following:

Tree Species: Royal Poinciana (Delonix regia)

Photo of tree showing location.

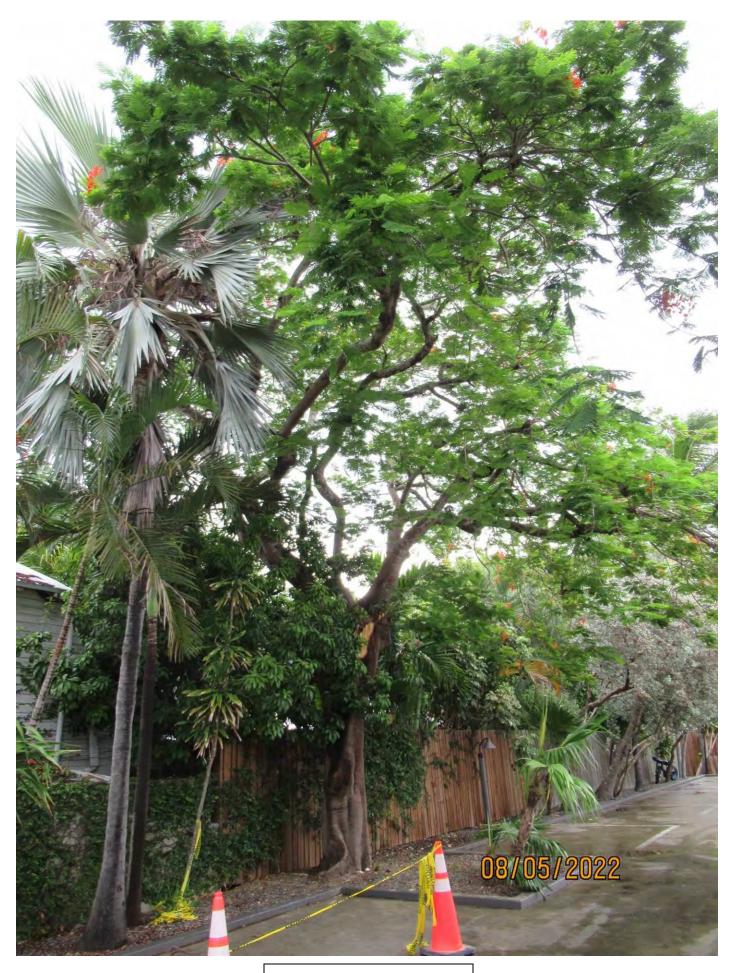

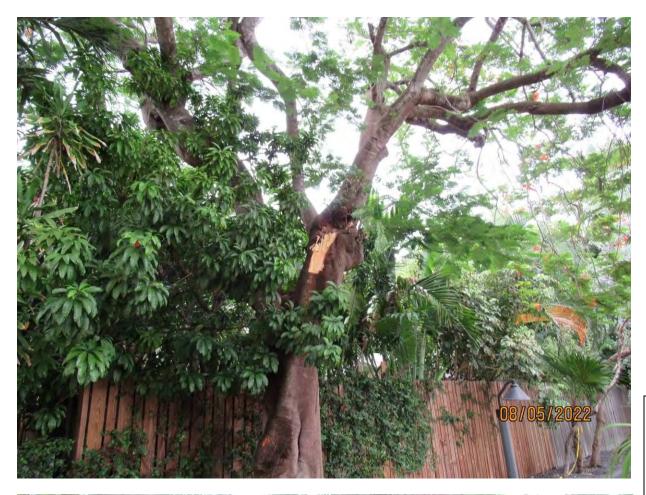

Photo of whole tree, view 1.

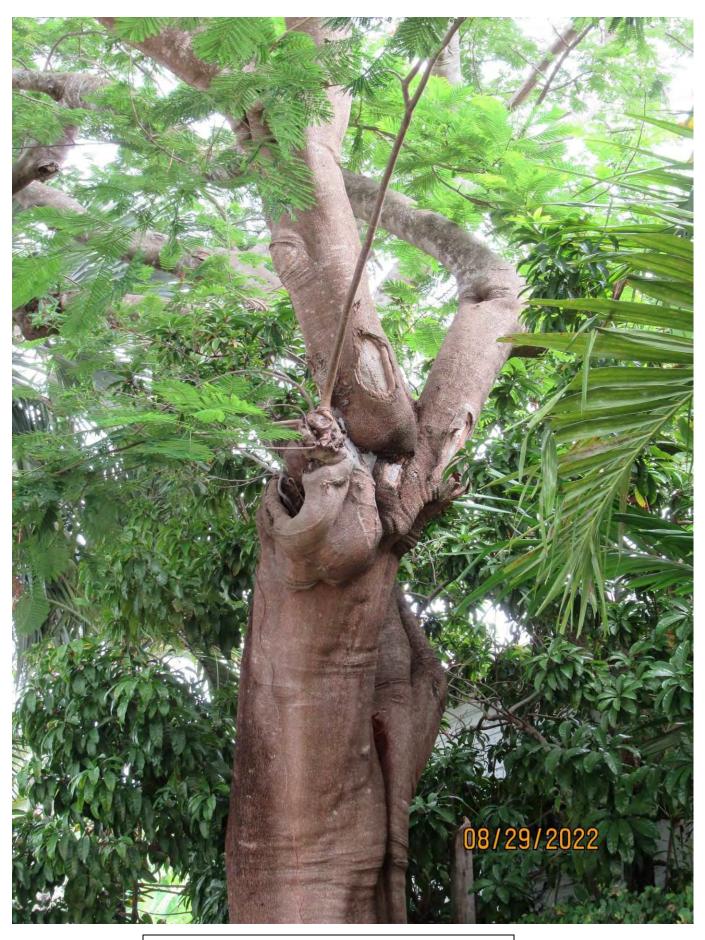

Two photos of tree showing damaged area when large branch broke off.

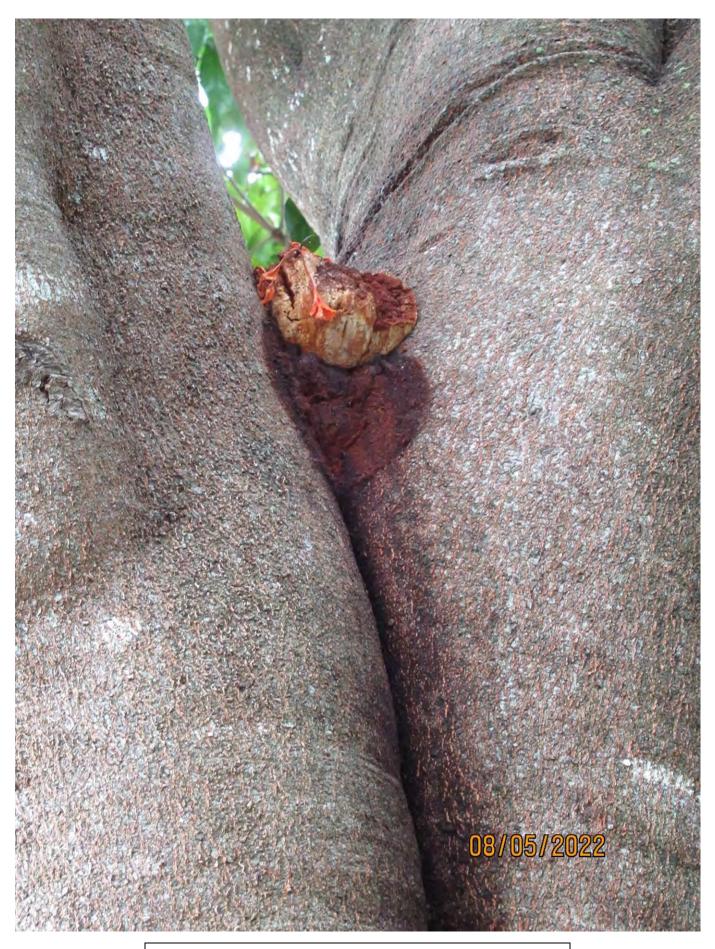

Two photos showing the rest of that side of the tree at the crotch where failure occurred. Lots of old decay and weight. Permit to heavy trim to remove this portion of tree issued for safety reasons.

Another view of remaining section of failed tree area.

Close up of codominant trunk area with fungus type growth.

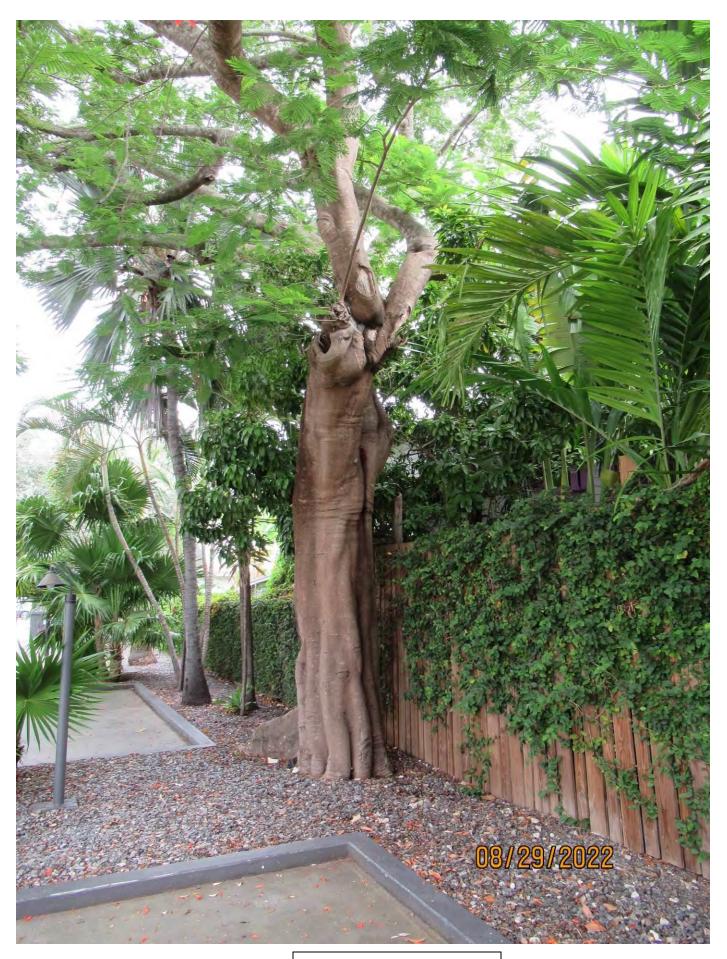

Photo of whole tree, view 2.

Photo of whole tree, view 3.

Photo showing the two trunks, view 1.

Photo of the two trunks, view 2.

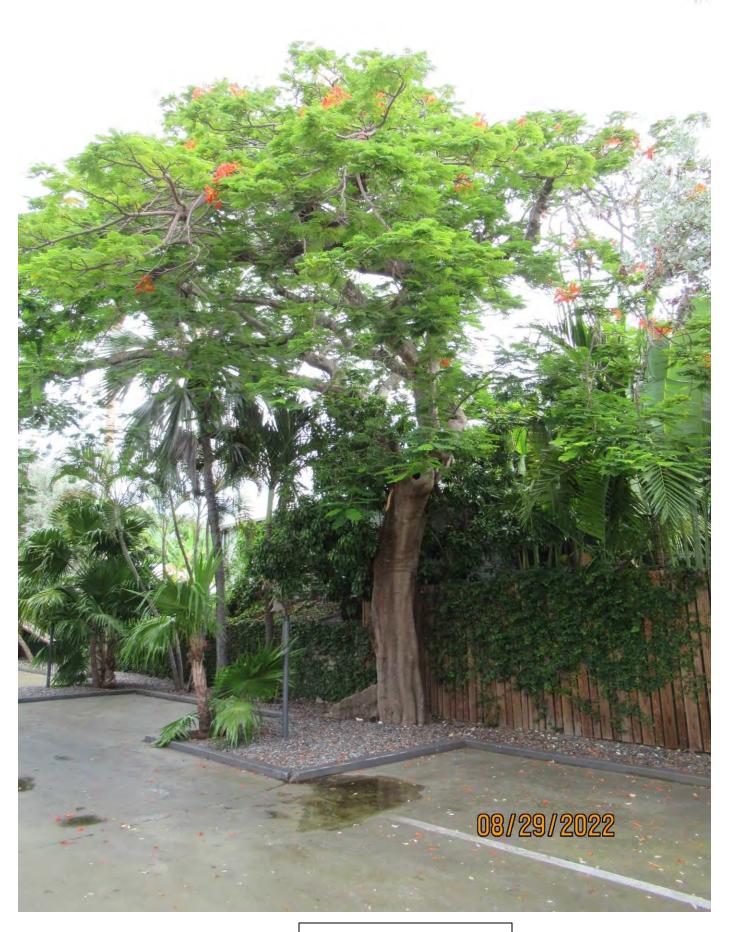

Photo of whole tree, view 4.

Photo of tree canopy.

Diameter: 28.6"

Location: 70% (growing in hotel parking lot buffer-property line area)

Species: 100% (on protected tree list)

Condition: 30% (overall condition is very poor, a large branch section broke off canopy at a main crotch point. For safety reasons, a heavy trimming permit was issued to remove the remaining branches on that crotch leaving a heavily lopsided tree with major decay.)

Total Average Value = 66%

Value x Diameter = 18.8 replacement caliper inches

Application

C T2022- 0292- heavy trim P TZOZZ-0293 add: canopy removal 2022-0302

Tree Representation Authorization

Attendance at the Tree Commission meeting on the date when your request will be discussed is necessary in order to expedite the resolution of your application. This Tree Representation Authorization form must accompany the application if the property owner is unable to attend or will have someone else pick up the Tree Permit once issued.

Please Clearly Print All Information unless indicated otherwise.
