**RE: 1319 William St. – 1316 Royal St.
Change to a Specific Condition in Res. No. 21-197**

Dear Ms. Halloran:

Res. No. 21-197 is a Major Development Plan Approval for 1319 William St. - 1316 Royal St. (attached). The property owner, Paul Misch, is a small-scale custom home builder and so the application included a phasing plan that that would allow him to commence construction of 2 houses at a time. The proposed phasing plan was overlooked during the Commission Hearing and was not addressed in the Resolution. The Resolution includes the following condition in Section 3:

Section 3. Full, complete and final application for all permits required for which this resolution is wholly or partly necessary, shall be submitted in its entirety within 12 months after the date hereof.

Mr. Misch's construction company is scaled such that commencing 6 houses within 12 months, is not feasible. Therefore, we formally and respectfully request a change to this condition as follows:

Section 3. Full, complete and final application for all permits required for which this resolution is wholly or partly necessary, shall be submitted in its entirety according to the following phasing plan: ~~within 12 months after the date hereof.~~

Phase	Scope	Commencement	Completion
<u>1</u>	<u>Units 3 & 5</u>	<u>Approval Effective Date + 6 Months</u>	<u>Approval Effective Date + 30 Months</u>
<u>2</u>	<u>Units 4 & 1</u>	<u>Approval Effective Date + 30 Months</u>	<u>Approval Effective Date + 54 Months</u>
<u>3</u>	<u>Units 2 & 6</u>	<u>Approval Effective Date + 54 Months</u>	<u>Approval Effective Date + 80 Months</u>

Code Section 108-91.C.4. instructs us as to this specific issue:

Sec. 108-91.C.4. Changes to specific conditions required by the original approval shall require approval by the administrative body that originally approved the development and shall be noticed in accordance with division 2 of article VIII of chapter 90.

Please let me know if any additional information is required to make this a formal request for a change to the specific condition as stated above. Thank you very much for your assistance and consideration.

Sincerely,

Owen Trepanier
