Within sixty (60) calendar days after the opening of the Bids, the City will accept up to two of the Bids. The acceptance of the Bid(s) will be by written notice of award, mailed to the office designated in the Bid, or delivered to the Bidder's representative. In the event of failure of the lowest responsive Bidder(s) to sign the Contract and provide acceptable insurance certificate(s) and acceptable performance and payment bonds, and evidence of holding required licenses, the

City may award the Contract to the next lowest, responsive, responsible Bidder.

The City reserves the right to accept or reject any and all Bids, and to waive any informalities and irregularities in said Bids.

13. BASIS OF AWARD

The award will be made by the City, on the basis of the Total of Base Bid Items found on the Bid Proposal Form from the lowest responsive, responsible Bidder(s), which in the City's sole and absolute judgment, will serve the best interests of the City. Quantities shown on the Bid Proposal Form represent an estimate of the total annual work performed under this contract and is not a guarantee of work to be granted by OWNER to CONTRACTOR. **The OWNER reserves the right to award contracts to multiple bidders (maximum of two) as necessary to meet required work schedules as determined by the City.**

In considering the acceptance of multiple bids, the City will make its determination based on the following criteria:

- The 2nd lowest responsible bid will not be accepted if the bid exceeds 25% of the lowest responsible bidder's **total contract price**.

If at the time this Contract is to be awarded, the total of the lowest acceptable Bids exceed the funds then estimated by the City as available, the City may reject all Bids or take such other action as best serves the City's interest.

14. EXECUTION OF CONTRACT

The successful Bidder(s) shall, within ten (10) working days after receiving Notice of Award, sign and deliver to the City a Contract and two (2) copies in the form hereto attached together with the acceptable insurance certificates, bonds, and evidence of the holding required licenses as required in these Documents. Within ten (10) working days after receiving the signed Contract from the successful Bidder(s), the City's authorized agent will sign the Contract. Signature by both parties constitutes execution of the Contract.

15. CONTRACT BONDS

A. PERFORMANCE AND PAYMENT BONDS

The successful Bidders shall file with the City, at the time of delivery of each individual signed Work Order a Performance Bond and Payment Bond on the forms bound herewith, each in the full amount of the Contract Price in accordance with the requirements of Florida Statutes Section 255.05 or 713.23, as applicable, as security for the faithful performance of the Contract and the payment of all persons supplying labor and materials for the construction of the work, and to cover all guarantees against defective workmanship or materials, or both, during the warranty period following the date of final acceptance of the work by the City.

The Surety furnishing this bond shall have a sound financial standing and a record of service satisfactory to the City, shall be authorized to do business in the State of Florida, and shall be listed on the current U.S. Department of Treasury Circular Number 570, or amendments thereto in the Federal Register, of acceptable Sureties for federal Projects. Section 255.05(7), Florida Statutes, in lieu of the bond required by law, the CONTRACTOR may file with the city an alternative form of security in the form of cash, a money order, a certified check, a cashier's check or an irrevocable letter of credit.

B. POWER-OF-ATTORNEY

The Attorney-in-Fact (Resident Agent) who executes Performance and Payment Bonds on behalf of the Surety must attach a notarized copy of his power-of-attorney as evidence of his authority to bind the Surety on the date of execution of the bond. Performance and Payment Bonds, and respective powers-of-attorney will have the same date.

16. FAILURE TO EXECUTE CONTRACT AND FURNISH BOND

The Bidder(s) who has a Contract awarded to him and who fails to promptly and properly execute the Contract or furnish the required Bonds shall forfeit the bid security that accompanied his bid, and the bid security shall be retained as liquidated damages by the City, and it is agreed that this said sum is a fair estimate of the amount of damages the City will sustain in case the Bidders fail to enter into a Contract or furnish the required Bonds. Bid security deposited in the form of cash, a certified check, or cashier's check shall be subject to the same requirement as a Bid Bond.

17. PERFORMANCE OF WORK BY SUBCONTRACTOR

Each Bidder must furnish with his proposal a list of SUBCONTRACTOR performed items and the estimated value of each item.

18. TIME OF COMPLETION

The time of completion of the work to be performed under this Contract is the essence of the Contract. Delays and extensions of time may be allowed in accordance with the Provisions stated in the General Conditions. Work Orders will be issued by ENGINEER as a means to track time & materials for work performed in the referenced right of way. A time estimate for the completion of each work order will be stated in that particular Work Order; when the CONTRACTOR receives a Work Order, work shall commence as soon as possible and all work shall be completed within the number of calendar days stipulated in that particular Work Order.

On any individual Work Order request, if the CONTRACTOR cannot commit to completing the work within the City's specified time of completion, the City reserves the right cancel the work order request and enter into a separate work order with another contracting firm selected through this bid. Should the CONTRACTOR disagree with the time of completion for a specific Work Order, he shall, within five (5) calendar days of the receipt of the Work Order, make a written claim to the ENGINEER and City for an extension in the time of completion. If in the opinion of the ENGINEER

and City, the CONTRACTOR presents sufficient evidence to justify the claim, an extension in the time of completion will be allowed for the period determined by the ENGINEER and City.

Should a Work Order extend past the one (1) year contract period for unforeseen reasons the work shall be automatically extended to the date of completion not to exceed 90 days.
