Subject: Parking booths Mallory Key west bight

I was able to located asset number 980210 \$24,458.70 Mallory Square Parking booth.

I was not able to locate the Key West bight booth. I can only assume it is included in the total cost of the parking lot asset # 960173 \$617,000.

Therefore we would only need commission approval to dispose of the Mallory square booth as the Key West bight booth is not recorded as asset in the fixed asset system
