Larry:

Below please find answers towards completion of application. Thank you for your email. Regards,
George L. Galvan.

1) I noticed that there was a call for community members to serve on the CRB Board. My background in contributing to our community include: President and Board member of the Rotary Club of Key West, two term HARC Member and Chairman, Board Member of DAC 1 Tourist Development Council, and Board of Trustees Lower Florida Keys Health Systems. Over the many years and many positions I've held I've developed --what I believe is-- a well-earned reputation for fairness and objectivity.

2) I truly believe that someone that serves on this Board must have the respect and support from all the different segments form our community. My resume clearly shows my ability to be objective and level-headed., and to be able to reach decisions based on the facts putting aside any emotion.

Subject: Application Questions

Mr. Galvan, on the City of Key West Citizen Review Board (CRB) Application there are four main questions and your application does not contain answers to the first two: Question #1: What aspect of your life and/or work experience has prepared you for membership on the CRB? Question #2: Why do you wish to serve on the CRB? You may submit up to a one page response to each of those questions. If you would like, once you have answered those
