### **Staff Report Item 3**

---

<b>Meeting Date:</b>	August 27, 2014
<b>Applicant:</b>	Thomas E. Pope, Architect
<b>Application Number:</b>	H14-01-1044
<b>Address:</b>	#1019 Eaton Street
<b>Description of Work:</b>	Demolition of existing cistern.
<b>Building Facts:</b>	The main house in the lot is listed as a contributing resource. The historic eyebrow house was built ca. 1899. Actual additions to the west back side of the house are not historic. The house faces Thompson Lane on its back. The site has a historic cistern that extends more than 30" height from ground.
<b>Ordinance Cited in Review:</b>	Sections 102-217 (3), demolition for contributing or historic structures of the Land Development Regulations.

#### **Staff Analysis**

On July 15, 2014 the Commission approved the first reading for the demolition of the historic cistern. This report is for the second reading review of the requested demolition of the cistern. The Certificate of Appropriateness proposes the demolition of an existing cistern that is more than 30" high. According to the 1926, 1948 and 1962 Sanborn maps they all depict a cistern in the same location with the same footprint. Part of the east side of the cistern abuts the neighboring property. The cistern has some siding attached to its upper portion and is covered with a v-crimp shed roof.

It is staff's opinion that the cistern is structurally sound and it is historic. Nevertheless the proximity of the cistern to the historic house presents a safety issue since there is a minimal space available to access the area on an emergency.

If the demolition of the cistern is granted staff recommends that the applicant takes detailed photos of the structure before it is demolish and that a set of dimensional drawings with elevations been made in order to have full documentation of the cistern.

KEY WEST HISTORIC DISTRICT**

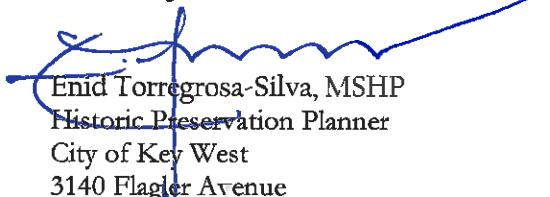

Dear Architect Pope:

This letter is to notify you that the Key West Historic Architectural Review Commission **approved** the request for the above mentioned project on the public hearing held on July 15, 2014. The Commission motioned to approve the design based on the submitted documents and Mr. Gavin Scarbrough's presentation.

Since the proposed design includes the demolition of a historic cistern a second reading is required by the Land Development Regulations. I will be including the item on the August 26 Agenda. Should you have any questions, please do not hesitate to contact me at your convenience.

On behalf of the Historic Architectural Review Commission of our City, thank you for your interest in the preservation of Key West's historic heritage.

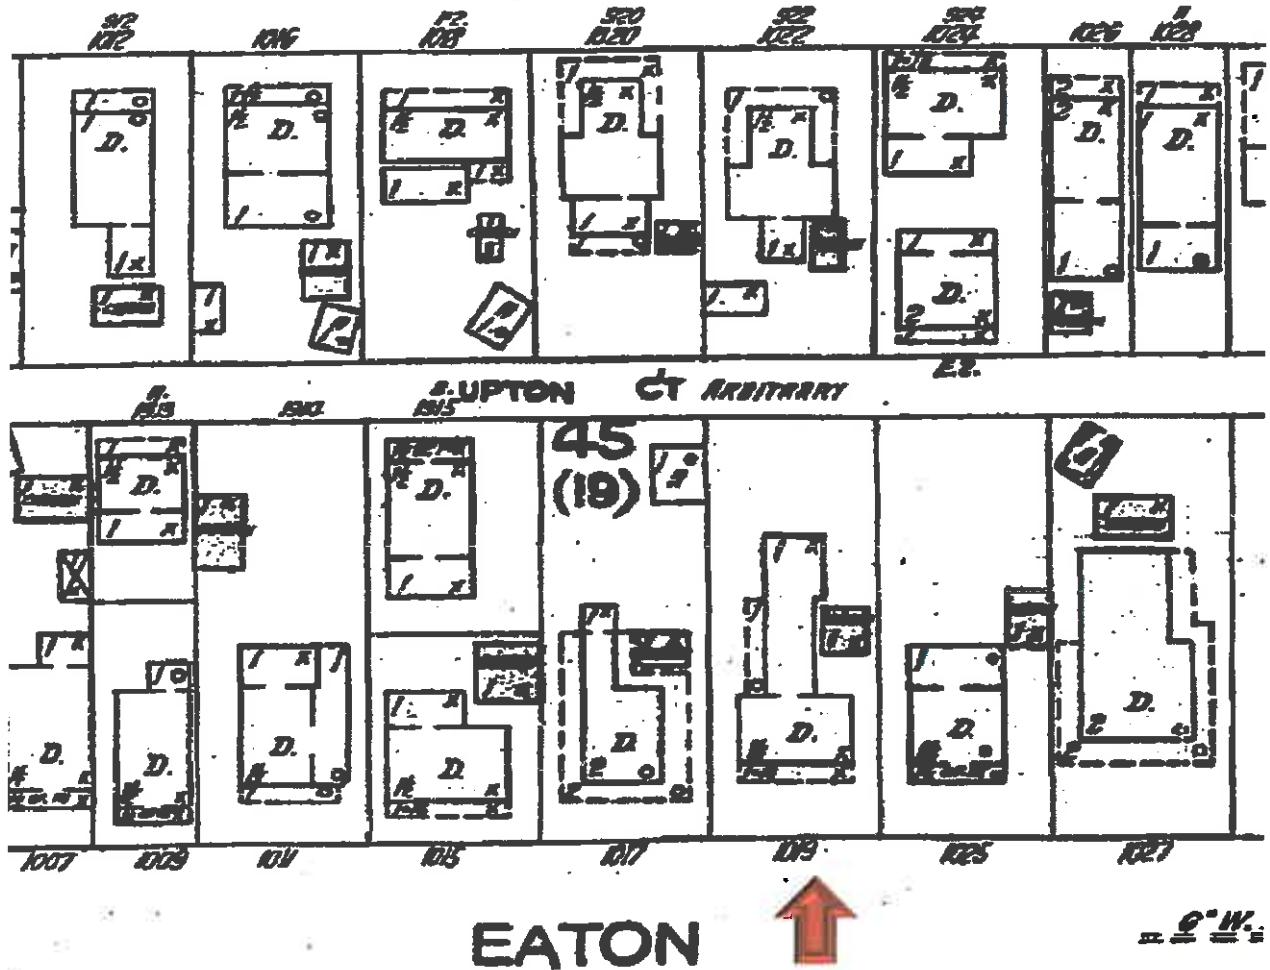

Sincerely:
