Re: Key West DOT

Dear Ms. Kielman,

As you are aware, the Monroe County Sheriff's Office (MCSO) is in the process of replacing the aging 800 MHz radio system. Given your partnership in the use and maintenance of the existing system, I would like to update you on our progress in this endeavor.

MCSO issued a request for proposals and received four different proposals from three companies. A committee was assembled with representation from all users of the system. This committee was tasked with ranking the four proposals. Taking into account the committee's recommendation, MCSO negotiated a contract to purchase the most economical and highest ranked proposal received. Much of the equipment for the replacement system has been received and will be installed in the next few months.

As discussed in our previous meeting, MCSO is requesting our partners contribute on a pro rata basis toward the purchase of a new system and the ongoing maintenance. The total cost of the new system is \$4,131,515. Your organization currently has 27 radios on the system which represents 1.765% of the subscribers on the system. As a result of your utilization of the system, we ask that you provide payment for 1.765% of the total contract price (\$72,909.09). Going forward there will continue to be ongoing maintenance costs. It is MCSO's intent to continue passing those costs on to our users as we have historically.

As always MCSO appreciates the participation and involvement of our radio users. Please contact me so we can discuss the payment of your portion of the system cost. Thank you for your attention to this matter.

Sincerely,

A handwritten signature in cursive script, appearing to read "Laura White".

**Attachments:** [Image File] Laura White,KMBT350, #019

Chief Lee,

Please find KWPD revised amount of \$192,240.67. We have deducted all 9-1-1 amounts available.

Also attached are the final numbers with letters for the City of Key West

**To:** dlee@keywestcity.com; Mike Rice  
**Cc:** Laura White  
**Subject:** RE: MCSO\_KWPD Radio System Info

My apologies sirs, I did intend to include it.

Key West Code Enforcement	\$ 10,271.01
Key West City	\$ 5,135.51
Key West Public Works	\$ 5,135.51
Key West Police Dept	\$297,331.00

Total: \$317,873.03

The City of Key West departments will be prorated along with other non-public safety agencies according to the percentage of users on the system, and continue to be billed yearly for the ILA. This cost sharing billing may see a price increase as we adjust for maintenance etc...

Yes, the \$297,331.00 includes Fire as well since this number is for the cost of the dispatch consoles. (That should answer most of your other questions on the email)

Since you are purchasing the dispatch consoles; the maintenance going forward for those, as in the past will remain with your agency. I have a call in to Motorola for pricing. However there is a one year warranty on the equipment.

Attached you will find the ILA you requested.

**Subject:** RE: MCSO\_KWPD Radio System Info

Thank you for the information. As Mike mentioned, I also need to know the cost of all other City departments. The City Manager wants a total dollar amount that the City will be billed. Just want to confirm that the \$297,331.00 includes Fire? Can you also provide me with a copy of the inter-local agreement you referenced. What does the \$297,331 fee include? Usage fee? Or other services/items?

Thank you both.

Laura, We also need to give him the amounts the City of Key West will be asked to contribute for its non-public safety users. I believe the number was about \$20,000 combined for these three users. Please confirm that number for us.

**Subject:** MCSO\_KWPD Radio System Info

Greetings Chief Lee,

Chief Rice has asked that I contact you in reference to the telephone conversation you both had this morning about the new radio communications system and KWPD's share of this purchase.

The price has been determined to be \$297,331.00.

Reprogramming, flashing of your existing radios and new equipment installation is included in the negotiated price of this proposal.

You will be contacted later in reference to this agreement and its payment.

Additionally, the City has a past due balance of 90 days in the amount of \$7514.18 for radio usage, KW Maintenance and KW Utilities. I have attached a copy for information purposes.

Thank you for your time.

Regards

*Laura White*
