

# Historic Architectural Review Commission

## Staff Report Item 2

---

<b>Meeting Date:</b>	November 25, 2014
<b>Applicant:</b>	Anthony D. Sarno, Architect
<b>Application Number:</b>	H14-01-1396
<b>Address:</b>	#408 Duval Street
<b>Description of Work:</b>	One wall sign, one hanging sign, and signage lighting for a non-contributing structure.
<b>Building/Site Facts:</b>	The building located on 408 Duval Street is listed in the surveys as a non-contributing structure. It first shows up on the 1962 Sanborn map, distinguishing it as historic.
<b>Guidelines and Ordinance Cited in Review:</b>	<p>Guidelines for signs (pages 49-50), specifically guidelines 1, 2, 3, and 4.</p> <p>Commercial Storefronts and Signage (page 46), specifically guideline 3.</p>

### Staff Analysis

The Certificate of Appropriateness is for two proposed signs at 408 Duval Street. One hanging sign will be composite chain hung blade sign and sized 12 inches by 24 inches with 3 inch lettering. A façade sign is proposed with lettering measuring 30 inches. It will have a 4 inch hold off from the building. Both signs will say "Sandal Factory." Both signs will have mounted LED light fixtures. The font for

Photo evidence shows that commercial block historically contained large façade signs that are inconsistent with the guidelines. The applicant has proposed to use the historic signage font for this sign.

### Consistency with Guidelines

1. According to the guidelines and sign ordinance, no lettering shall exceed 12 inches in height.

It is Staff's opinion that the blade sign is in compliance with the guidelines, but while the façade sign is inconsistent with the guidelines, historic documents show that large lettering signage is historically and architecturally appropriate. Recent renovations to the storefront have found the original terrazzo floors with the use of that specific font with the original store name: "Diana." The use of the historic font would make the new façade, even with its large letters, more historically appropriate.

The original terrazzo floors, a character defining feature of the store.

\*\*\*\*\*

This application for Certificate of Appropriateness must precede applications for building permits, right of way permits, variances, and development review approvals. Applications must meet or exceed the requirements outlined by the Secretary of the Interior's Standards for Rehabilitation and Key West's Historic Architectural Guidelines.

Once completed, the application shall be reviewed by staff for completeness and either approved or scheduled for presentation to the Historic Architectural Review Commission at the next available meeting. The applicant must be present at this meeting. The filing of this application does not ensure approval as submitted.

Applications that do not possess the required Submittals will be considered incomplete and will not be reviewed for approval.
