## ----- MAMA'S GARDEN CENTER POLICIES AND GUIDELINES FOR NEW PLANTINGS -----

Mama's Garden Center warrantee's trees and plants for a period of 6 months after installation as long as the following conditions are met:

Mama's Garden Center does the actual installation of all plants involved with the job. A proper working irrigation system is in place at the time of install. Specific plants not covered under this warranty include any seasonal flowering ground cover such as - Impatiens & Vincas and tender ground covers such as Blue Daze, Verbena, Gaillardia, Mexican Heather, Ajuga and Peperomia. Mama's Garden Center reserves the right to replace plants, trees covered under the warranty with substitute species of similar characteristics, size and value. In the event that trees or plants which were ordered for the specific job are not used due to decrease in quantities determined by the customer or Landscape Architect, a 30% re-stocking fee will be accessed, based on the Quoted price. It is the customer's responsibility to obtain any necessary permits and to locate any underground lines, pipes or septic systems and drain fields prior to beginning of job. Mama's Garden Center will not be held liable for any damages incurred due to hidden or unknown lines, pipes, septic systems and drain fields. Mama's Garden Center requires a 50% deposit for landscaping jobs with the balance due upon job completion.

**\*\*DISCLAIMER:** Although Mama's Garden Center makes every effort to successfully relocate/transplant trees or plants, Mama's Garden Center does not guaranty the survival of such trees/plants and no warranty applies.

## Guidelines for Maintaining New Plantings

### WATER, WATER, WATER

If a proper working irrigation system is not in place, it is recommended that one be installed. If customer cannot, or chooses not to install an irrigation system, it is important that the new plantings are watered daily for a period of at least 30 days. Watering may then be decreased to every other day as long as the plants do not show signs of stress. Please do not count on rain to be the source of water. The plants need a good deep watering in order to recover from the stress of planting and to adapt to their new environment. New plantings should receive a slow release starter fertilizer and mulch at the time of install. It is recommended to fertilize and mulch all plants and trees on a quarterly basis.
