Subject: Resolution Item: 22 Richard Klitenick

Hello Cheri, please make sure this emailed letter is part of the record for November 4, 2015 City Commission meeting.
thanks, Omar

Dear Commissioners,

I am asking you to please not support the resolution Item 22
to remove Richard Klitenick from the planning board in the middle of his term. **(Without cause)**

This resolution should not be the message we as a community
send to our volunteers who step up with their time and energy to donate
countless hours for free.

To be elected as a Mayor or City Commissioner in
America in the 21st century shouldn't give anyone the right to dismiss common
sense or basic decency.
I encourage all of you stay humble with one another but more importantly to the people you serve .
As human beings living on a small 3x2 island and I beg you to please don't get caught up in ego and
one's self.

As an elected official you have all sworn to serve **"all the citizens of Key West"** . .
Why does this resolution appear to me, to give an impression it comes from a tyrant
ruling over his or her dictatorship. **On one hand it's a stab in the heart and
in another a pat on the back!**

For any elected official to fall trap to such a
shallow resolution without cause or real principle "could write" another chapter
in a sad day in Key West politics and one that certainly shouldn't be being
brought forth by a former Judge.
I hope you commissioner Payne realize and
understand that as a City Commissioner you are in the legislative branch of
government now!

Mr. Klitenick and his family and all they do for Key West,
certainly deserves a better legacy than this.

I hope all of you realize that
this is a distraction from the real work that needs to be done.

**Please vote
no.**

Regards,
Omar Garcia
