Thanks Jim. We will add the language to the Rest Beach proposal.

We are also proposing on a project with Karen Olsen's group and need to update the subs on that one as well. So to try and make it simple, I prepared the attached letter that should cover everybody. If you would prefer that I send you the full proposals from each of these subs (instead of just the rates), let me know and I'll send those along as well.

Stu:

Just attach a letter requesting the change/additional subs to your Rest Beach proposal.
