Carlene-

I am showing that we have always billed for 6 units but it changed from billing as residential to commercial in 2002.

Let me know if you have any questions or need any additional information.

Thanks

PS- I heard on the radio that a stairwell or something collapsed and a couple people got hurt there.

Good morning Mike.

Would you be able to tell me how many units are recognized and if the total number of units changed over time?

Thank you.

Good morning Juliette.

I am in need of records for the subject address. Would you be able to provide how many units are currently being serviced and how many were serviced as far back as 1997?

Thank you much.
