

Staff Report for Item 12b

To: Chairman Bryan Green and Historic Architectural Review

Commission Members

From: Kelly Perkins, MHP

HARC Assistant Planner

Meeting Date: March 22, 2016

Applicant: William Rowan Architects

Application Number: H16-03-0020

Address: #820 Carsten Lane

Description of Work:

Demolition of non-historic second floor rear addition. Partial demolition of southwest wall and demolition of exterior staircase.

Site Facts:

The house at 820 Carsten Lane is listed as a contributing resource. First appearing on the 1912 Sanborn map as a one-story structure, the house has undergone a few changes since then, such as siding replacement, new skylights, a new side addition, and a large two-story addition in the rear that was approved by HARC in 2006.

Ordinances Cited in Review:

Sec. 102-217 (2): Demolition of non-historic or non-contributing buildings.

Sec. 102-218 (a): Criteria for demolition of a historic or contributing building.

Sec. 102-218 (b): Criteria for demolitions.

Staff Analysis

This Certificate of Appropriateness proposes the demolition of a non-historic exterior staircase, a non-historic second floor addition, and part of the wall along the southwest side of the building. The staircase and addition were built in 2007 and the wall on that side of the building might appear

on the 1962 Sanborn map, which makes it historic. Even though the wall looks to be historic, according to the 1962 Sanborn map, staff does not feel that it meets any of the criteria listed in Sec. 102-218, and therefore can be considered for demolition:

- (1) The wall does not embody distinctive characteristics and are not significant and distinguished entity. Staff feels that their components lack individual distinction.
- (2) The wall is not specifically associated with events that have made a significant contribution to local, state, or national history;
- (3) The wall has no significant character, interest, or value as part of the development, heritage, or cultural characteristics of the city, state or nation, and are not associated with the life of a person significant in the past;
- (4) The wall to be demolished is not the site of a historic event with a significant effect upon society;
- (5) The wall does not exemplify the cultural, political, economic, social, or historic heritage of the city;
- (6) The wall does not portray the environment in an era of history characterized by a distinctive architectural style;
- (7) The wall is not related to a square, park, or other distinctive area.
- (8) The wall does not have a unique location or singular physical characteristic which represents an established and familiar visual feature of its neighborhood or of the city, and do not exemplify the best remaining architectural type in a neighborhood; and
- (9) The wall has not yielded, and are not likely to yield, information important in history.

Since these elements are historic, two readings are required for demolition.

Staff believes the demolition of the second floor addition and staircase will not result in the following items:

- (1) The demolition will not diminish the overall historic character of a district or neighborhood;
- (2) Nor will it destroy the historic relationship between buildings or structures and open space.
- (3) This demolition will not affect the front building façade.
- (4) Staff does not believe elements that are proposed to be demolished will qualify as contributing as set forth in Sec. 1021-62(3).

Therefore this application can be considered for demolition. As the rest of the addition is not historic, only one reading is required for demolition.

CITY OF KEY WEST CERTIFICATE OF APPROPRIATENESS APENDIX FOR DEMOLITIONS APPLICATION NUMBER H-___-_-

This document applies only to those properties located within the City of Key West Historic Zoning Districts, properties outside the historic zoning districts which are listed as contributing in the Historic Architectural Survey and or properties listed in the National Register of Historic Places.

Applications must meet or exceed the requirements outlined by the Secretary of the Interior's Standards for Rehabilitation and Guidelines for Rehabilitation and the Key West's Historic Architectural Guidelines. Once submitted, the application shall be reviewed by staff for completeness and scheduled for presentation to the Historic Architectural Review Commission for the next available meeting, unless the demolition request is for a *bona fide* Code Compliance case, in which case staff may review and approve the demolition request. The applicant must be present at this meeting. Any person that makes changes to an approved Certificate of Appropriateness must submit a new application with such modifications.

The filing of this application does not ensure approval as submitted. Applications that do not possess the required submittals or documentation will be considered incomplete and will not be reviewed for approval.

CRITERIA FOR DEMOLITIONS

Before any Certificate of Appropriateness may be issued for a demolition request, the Historic Architectural Review Commission must find that the following requirements are met (please review and comment on each criterion that applies);
