

Bazon-Cox & Associates, Inc
Providing Information Technology Solutions for the 21st Century

November 23, 2015
Quote: 11828-5

RFP# 05-015
Closed Circuit Television Surveillance System
Key West Historic Seaport

Bazon -Cox & Associates, Inc is please to provide you a firm fixed price for the following work:

Scope of Work:

Wireless Connection from Ferry Terminal to 201 Williams

Bazon will install a network link between Ferry terminal and 201 Williams Street. Bazon will provide a wireless link between the Ferry terminal and the dock masters office. The existing link between the dock master and 201 Williams will complete the link from the Ferry terminal. An additional switch will be provided in the dock master office to connect the new equipment at the dock master. The link will provide bandwidth to transmit the Ferry terminal video signal to the dock master and 201 Williams. This quote does not include any additional 120 VAC power.

Price

\$6,080.00

Upgraded Wireless Connection

Bazon will provide higher bandwidth equipment. The equipment will provide double the bandwidth of the equipment listed in the above solutions.

Price

\$797.00

Notes:

1. This quote is guaranteed for 90 days.

Should you have any questions concerning this quotation please contact Caton McMichael at 1-757-410-2128 or caton@bazcox.com.

Sincerely
