BAHAMA VILLAGE CRA Key Questions

How do you perceive the success of BV being tied into the surrounding areas of Key West?

Are there any particular corridors that you think should be redeveloped to advance the BV neighborhood? Uses?

What types of expenditures do you think would be most beneficial for the area? Social services? Commercial Redevelopment? Housing?

What do you see as the balance between residents and tourists to BV? How local is Local?......BV or all of Key West?

Can you illustrate some successes that can be attributed to the CRA efforts of recent past? Failures?

What are the points of authenticity that we can utilize to advance the PR and investment in BV? Why BV and not some other part of Old Town?

- Encourage small scale commercial uses;
- Discourage large scale development and redevelopment.

Objective 2:

Innovative Use of Transportation, Pedestrian and Open View Corridors

- Promote pedestrian-oriented mixed use areas through streetscaping, greenway and wayfinding projects;
- Develop infrastructure corridors (transportation, power, utility, pedestrian and communications).

Objective 3:

Advance Housing Stocks
