

## Sustainability Advisory Board

### Worksheet for Priority Setting 2016/2017

Name: \_\_\_\_\_Alison Higgins\_\_\_\_\_

Browse the [Climate Action Plan](#) for actions which you rank of high priority for this and next FY. Type your top ten priorities into the worksheet below, making sure you reference where the priority came from. It does not have to be in ranked order on the page, as long as you fill out the rank column at the right side of the sheet.

Plan	Pg	Step	Notes	Rank
6.4.1	18	Hire a professional energy manager to work for city to develop energy efficiencies in all city-owned buildings, then assist the remaining top 10 electric users in energy efficiency measures, then work with commercial and residential users. Develop partnerships with all large electric users including Naval Air Station Key West.	Energy is our biggest source of GHGs.  Plan states that this position was to be hired the year after Sustainability Coordinator.  This will save the City the most money. The position is also supposed to help advise our 10 largest energy users.	1
10.9.3	43	Hire an energy manager to perform energy audits;		
10.7 NEW	42	Complete Land Development Regulations process.	Consultants will complete this year. There are still many suggestions to research and make. Ties into Green City Certification.	2
9.1.9	33	Finish launch and grow the Green Business Certification	Addresses recycling, energy, water, etc. 2016 is year of Green Business = 1 <sup>st</sup> year pilot. Will grow to all Keys at end of this year. Stickers have arrived. Intern is helping. Launching shortly.	3
3.0	10- 11	GHG Progress Indicators: Milestone 5: Monitor emissions reductions and verify results.	Have to finish in March so we can announce for Annual report in April.	4
6.3	17	Complete Transportation Road Map	Intent: to reduce single occupancy vehicle trips.  This research/plan will help the City prioritize what transportation improvements we should pursue first.	5
2015: #5	3	Increase CRS points for adaptation for SLR	Ties in to the LDRs, but specifically to help increase resiliency of the island.	6
2015: #5	3	Start Commercial PACE	This is a big priority, but needs the Energy Manager position to pull it off.	7
10.4.1	42	Finish Green City Certification	Can't be done until LDR's are done.	8
