**Subject:** Change in City Commission meeting

Hi Lissette. Will you please copy Mayor Cates the Commissioners and Cheri Smith

Mayor Cates and Commissioners

The agenda item relating to the change of time for commission meetings starting in October should be tabled until the public has ample time to be heard. Also...time for you to assess any unintended consequences.

As for the request for \$12.5 million to secure an agreement with the potential buyers to retain all current and future units as affordable...careful what you agree to...

Respectfully,

Allen Tidball
