

**Agenda item for Truman Waterfront Advisory Board meeting of May 23, 2016:**

**I would like to discuss the 3 Truman Waterfront Park Plans which are: Truman Waterfront Park Master Plan; Conceptual Plan as presented by Thaddeus Cohen; Truman Waterfront Park Plan as presented by Ben Volpian.**

**I would like to compare the 3 Plans using the City of Key West's Mission's and Duties of the Truman Waterfront Advisory Board criteria as shown on their website to include but not limited to: Making recommendations to the City Commission on promoting the rehabilitation; revitalization; conservation; and redevelopment of lands and structures within the Truman Waterfront – as well as to consider the feasibility of proposed projects and the viability of future projects.**

**I would like to address these Plans in an open and back and forth conversation with any and all people as to what Plan or Plans would most benefit the people of Key West and our guests overall as far as conserving open spaces in the Park.**

**Ben Volpian**

The Mission and Duties of the Truman Waterfront Advisory Board are listed below:

- To make recommendations to the City Commission and LRA on all items and issues related to the entire Truman Waterfront area for the improvements of the Truman Waterfront.
- To promote the rehabilitation, revitalization, conservation and redevelopment of lands and structures within the Truman Waterfront.
- Advise the City Commission on projects and uses for the property which are consistent with the comprehensive plan and conveyance documents from the United States.
- Explore funding sources to offset any potential taxpayer burden.
- Study the feasibility of proposed projects and the viability of future projects.
- Facilitate productive communication and elicit opinions from all interested individuals and entities, especially the United States Navy.
