Subject: Parking in Key West

Hi,

My name is Nicola Cervone, owner at Xcursions USA, we have a daily line that travels from Miami to Key West, our average amount of passengers is about 45 each day in one motor coach that holds 57 passengers, i would like for you to take in consideration that our income is very limited when it comes to the prices you will be charging to park in Key West, something fare would be from what we think around \$50 a day for buses that come to Key West just for the day, and around \$800 a month for companies like us that come every day of the month.

Thanks for your attention, and if you have any questions please contact me at my cell 305-793-5466

Best Regards...
Nicola Cervone
