## Staff Report for Item 12

**To:** Acting Chairman Richard McChesney and Historic Architectural Review Commission Members

**From:** Kelly Perkins, MHP  
HARC Assistant Planner

**Meeting Date:** August 23, 2016

**Applicant:** William P. Horn

**Application Number:** H16-03-0058

**Address:** #616 Eaton Street

---

### Description of Work:

Demolition of non-historic west side addition with no build back. Patch historic structure where addition is removed.

### Site Facts:

The house at 616 Eaton Street is currently a two-and-a-half story, traditional frame vernacular house. The survey lists the structure as a contributing resource built c. 1900. The house definitively shows up on the 1926 Sanborn map, but it appears to be older than that. A photograph from c.1900 of 620 Eaton Street shows a small part of the house, meaning there is a discrepancy in the Sanborn maps.

The property came to HARC last year for major renovations, as the contributing structure was in poor shape. The application was to demolish the rear additions, build a new addition, and construct a separate house. HARC approved the design and demolition, but the decision was appealed by the neighbors. The Special Magistrate upheld HARC's determination, and the decision was further appealed to the Circuit Court. The Circuit Court has not yet ruled.

Even though the demolition of the side addition was on the plans, it was not explicitly stated on the application, and the Legal Department has made the determination that it was not part of the previous project.

### Ordinances and Guidelines Cited in Review:

Sec. 102-217 (2): Demolition of non-historic or non-contributing buildings

Demolitions and Relocations (page 39).

### **Staff Analysis**

This Certificate of Appropriateness proposes the demolition of a non-historic side addition on a contributing structure. The side addition does not appear on any Sanborn map or in any historic photographs. It does not appear on the 1968 or 1972 aerial photographs, but does appear in a 1994 aerial photograph. Staff believes the demolition will not result in the following items:

- (1) The demolition will not diminish the overall historic character of a district or neighborhood; it will improve the historic district by returning the main house to its original footprint.
- (2) Nor will it destroy the historic relationship between buildings or structures and open space. Demolition of an inappropriate addition will only improve the relationship of the contributing structure to the neighboring United Methodist Church by creating separation between the buildings.
- (3) This demolition will not negatively affect the front building façade. It will improve the front façade of the historic structure by removing a publicly visible, inappropriate addition.
- (4) Staff does not believe the side addition that is proposed to be demolished will qualify as contributing as set forth in Sec. 102-62(3).

Therefore this application can be considered for demolition. As the addition is not historic, only one reading is required for demolition.

**CERTIFICATE OF APPROPRIATENESS**  
**APENDIX FOR DEMOLITIONS**  
APPLICATION NUMBER H- \_\_\_\_\_

This document applies only to those properties located within the City of Key West Historic Zoning Districts, properties outside the historic zoning districts which are listed as contributing in the Historic Architectural Survey and or properties listed in the National Register of Historic Places.

Applications must meet or exceed the requirements outlined by the Secretary of the Interior's Standards for Rehabilitation and Guidelines for Rehabilitation and the Key West's Historic Architectural Guidelines. Once submitted, the application shall be reviewed by staff for completeness and scheduled for presentation to the Historic Architectural Review Commission for the next available meeting, unless the demolition request is for a *bona fide* Code Compliance case, in which case staff may review and approve the demolition request. **The applicant must be present at this meeting. Any person that makes changes to an approved Certificate of Appropriateness must submit a new application with such modifications.**

The filing of this application does not ensure approval as submitted. Applications that do not possess the required submittals or documentation will be considered incomplete and will not be reviewed for approval.

**CRITERIA FOR DEMOLITIONS**

Before any Certificate of Appropriateness may be issued for a demolition request, the Historic Architectural Review Commission must find that the following requirements are met (please review and comment on each criterion that applies);

(1) If the subject of the application is a contributing or historic building or structure, then it should not be demolished unless its condition is irrevocably compromised by extreme deterioration or it does not meet any of the following criteria:

(a) The existing condition of the building or structure is irrevocably compromised by extreme deterioration.

\_\_\_\_\_  
\_\_\_\_\_

**OR THAT THE BUILDING OR STRUCTURE;**

(a) Embodies no distinctive characteristics of a type, period, or method of construction of aesthetic or historic significance in the city and is not a significant and distinguishable building entity whose components may lack individual distinction.  
The non-historic addition with a shed roof does not have any historic significance to the city and is not a distinguishable building component with historic relevance.

\_\_\_\_\_  
\_\_\_\_\_

(b) Is not specifically associated with events that have made a significant contribution to local, state, or national history.  
The building structure is not specifically associated with any event that is significant to the local, state, or national history.

\_\_\_\_\_  
\_\_\_\_\_

(c) Has no significant character, interest, or value as part of the development, heritage, or cultural characteristics of the city, state or nation, and is not associated with the life of a person significant in the past.  
The building structure is not associated with a person or event which has made a significant relevance to the community

(d) Is not the site of a historic event with a significant effect upon society.

The building addition is not the site of a historic event.

(e) Does not exemplify the cultural, political, economic, social, or historic heritage of the city.

The building addition does not exemplify the cultural, political, economic, social, or historic heritage of Key West.

(f) Does not portray the environment in an era of history characterized by a distinctive architectural style.

The building addition does not portray a historic era, represented by a distinctive architectural style.

(g) If a part of or related to a square, park, or other distinctive area, nevertheless should not be developed or preserved according to a plan based on the area's historic, cultural, natural, or architectural motif.

N/A

(h) Does not have a unique location or singular physical characteristic which represents an established and familiar visual feature of its neighborhood or of the city, and does not exemplify the best remaining architectural type in a neighborhood.

The non-historic addition does not represent a specific style which is unique to the neighborhood or a community feature. Demolishing this non-historic addition will aid in restoring the historic integrity of the historic structure.

(i) Has not yielded, and is not likely to yield, information important in history.

The non-historic addition is not likely to yield important historic information.
