Tool Design Group

Tool, Kimberly Horn, Streets plan - amazing team

Tool specializes in bike ped

Kimberly knows All transport

SRC wrote book "Tactical Urbanism" on getting stuff done.

Tool 100+ staff Kim 2,700 SRC a few

Great understanding of Key West situation

knows the streets, gets street islands included

leverage state/fed funds in Plan

lots of plans, similar places too.

Kim has spent time here.

Plan → bold/realistic. Part of overall transp.

Detail helps us implement.

Kimberly goes through each of the 11 Tasks

video documentation and street films

Fantastic examples to guide us to get

local approach. Create better. Improve vision

Best practices, ~~good review~~, feedback (5% of staff)

include photos/videos in file, keep it too

Have "Block level of stress" analysis

open street map ✓ GIS files ✓

30% design on priority locations

Cost estimates, maintenance & implementation

Addresses all the tasks nicely.

12 months to complete ✓

Tools

Bill Schwab, P.E. - Principal in charge

Amazing knowledge. Fort Collins Bike Plan, is writing the AASHTO Guide for Developing Bike Facilities, wrote MassDOT's Bike Lane Book.

Certified Master NACTD. NACTD Board member

Jeff Caspary - PHD 20 yrs in Bike Plan Plans

Northwest Bicyclist, Charlotte, FL, Florida Doveses

Master Plan Plan V VP at Bikes to Travel before Tools.

Jon Lee - Senior Advisor - City Transport

Plans for West Palm Beach before Tools

Complete Streets project in Washington DC

East West Greenway - FL

Mauricio Hernandez - Deputy SR - great smart

worker. Knows through projects in DC

Bike Lane expert. Native Spanish speaker.

Indonesian Bicyclist

Anthony Garcia - SR

Amazing Bicyclist, complete Streets expert. I

LOVED that book

Kindly have been using STRONG Engineering to the Tools.

Other planners, Designers, SR, Engineers

Useful Engineers (and) have amazing

resources. First rate books

Take

Don't discuss or engage in conversation.
Outdoor meetings, walking talks. Engage in
open ~~space~~ talks so others can observe.

"Housing 2 in a Box" concept in the
 existence in heterotopia. Tourism Plans =
 Waterfronts, Land Change - Actionable Plans!
 Advancing ideas that will transform. Port Collins
 is a model. Listed 48 Bike or Biked Plans!
 7 National Best Practices Guides AASHTO,
 FHWA, NCHRP. Detailed 14 of these
 as references. Jackson St Ped/Bike,
 Kansas Island, SC, Annapolis, DE &
 Port Collins Bike Plans (I constantly hear
 good things about Port Collins!). Boston
 Complete Streets Guidelines, Miami
 Bikeways ~~Guidelines~~ Design Guide,
 Hawaii Bikeway Plan, Park Complete Streets
 Benton Riverwalk, Perry Union Park (Tampa)

Alta

1

200+ Bike & Ped plans. Wow.

Sam Schwartz Engineering is a great firm. Loved the Sam Schwartz book "Street Smart" - they obviously got it.

"Active Transport" vision

Nice tight org/team. Not too big & sprawling.

Alta 178 staff Multi-modal planning from specialty in files.

Sam Schwartz - multi-modal engineering & planning Approach

More people biking, walking, transit.

Has a good basic understanding of the West, its constraints & opportunities.

Good understanding of broader transportation context. Bike freight transport?

Nice discussion of Duval Street

Proposes a Project Steering Committee.

Inter-DUC Reg for community/communities

Multi-Day Community Charrette! Cool!

Handlebar & sidewalk interviews ✓ Parklet events!

Video! Asset assessment (3) scorecards

For community use. Bike/Ped Safety Analysis Open Street Maps ✓

Understands the tasks, includes 7 4E's

Not a lot of detail but very good understanding & approach. Also gets the #10

#10 Alta - Recommend Level of Traffic stress rather than Bike LOS. Agree!

Alta

2

Propose 3 day preliminary Bikeshare
system plan. ✓ Bikeshare Biz Plan,
& Model Financial Plan ✓ Very nice !!
oops pg 21 refer to us as "Lancaster" looks
like drop & paste. Too bad.

Schedule. 1 yr. ✓

John Cook - Principal Charge
specializes in Bike Bed ✓ Complete Streets
Bikeshare etc. Tons of Bike Bed ~~Plans~~ Plans
under his belt.

Brad Davis - Project Manager

Although ~~less~~ less than 10 yrs since graduated
he has lots of exp in Bike Bed Plans!

Comp Transp. Plans, bike share,

George Hulsar - lots of Bike Bed Plans

Jeff Olson - very knowledgeable Cof. Bike, ^{Hub} way!

Jessica Roberts - TDM expert, active transport

Charles Dean - Bikeshare & Bus Plans ✓

Engineers & other specialists all great
including "Way Finding" specialist, graphics etc, GIS

Ben Rosenblatt (SSE) LA Great Streets & ^{Seattle} MOVES

Michael Flynn, Ken Sobes (SSE) - Engineers

NYC DOT, Milwaukee Complete Streets

Active Transp | Joe Tacchella - Transit

ALTA

Goals/Projects

Hundreds of bike & pedestrian plans for small towns to big cities. THIS is what they do & spend in. They've done all parts of the 11 scope items many, many times.

Cape Coral Bike & Ped Master Plan

- safety problems similar to Key West

can meet many of what people want to bike/walk

Seattle B-K Plan update - I've read

this plan & love it - addresses broad range of people who ride, guides them DOT, infrastructure. Existing conditions report (bikes) network - all similar. Completed

Design on streets/roads.

Memphis Ped & School Safety Plan -

Cost project in finding priority needs & schools

Go Program's Indo-Cultural Heritage - Chicago

getting residents to walk, bike & use transit
40k residents in 5 neighborhoods. "Diverse
Americans"

Paid Alta Bike Boarders Presentation & Design

Memphis Bike Share Presentation Study

✓ NACTO cities & design symposium design guide

They - along with others worked on
The Book

Sam Schwartz - a NACTO study & downtown plan

Vendor Offeror Evaluation Form

Date

DRMP

Big engineering/construction firm based in FL
 Team includes Blue Zone, LLC, Sprinkle Consulting
 CATERAN Engineering Group, Sandra Walters Consulting
 Engineering, Inc., utilities, construction,
 3 pages of company info & recent work
 Blue & Red ??

DRMP

Blue Zone a civil engineering firm, walkability
 workshops, safe routes to school, Dan Borden!

Sprinkle is a Planning Engineering Firm. They developed
 Bicycle LSS.

Sandra Walters - Planning/transportation

Saltwater is engineering firm

→ Approach is extremely thorough. Explained lots
 of concepts & terms like bike lanes etc.
 kinda took the scope we provided & rewrote it
 will do in 12 months. Good use of local pics
 and metrics. With all the detail they put into
 first six tasks, they got to task 7 and seemed
 to run out of gas. Nothing on task 7

but given it's about the education, encouraged,
 encouraged E's NOT engineering it isn't surprising
 from an engineering/construction firm.

Did not seem to understand task 8 as a
 broad overview/context but rather
 checklists for transit & parking. Did not
 address at all ad-hoc tasks.

DRMP

Freddie Vargas, P.E. Project Mgr

Is ~~the~~ highway engineer 305 as LTB.

List 12 main projects, consider Planning Studies
Traffic operations, Roadway Design, finding
no mention of Bike Ped / square plan's
roadway in drawing 2. Very uncomfortable
with him as project lead.

Collette Moss - UP in charge

Same ~~as~~ issues as w/ Freddie
Carl Gibiloro^{PE}, Sam Bushkett^{PE}

same issues as Freddie & Collette
Kelly Horton - 675 - City Centers

Kevin De ~~Expressway~~, Greater Orlando

Aminda, Gainesville HSR curb compliance -
bike reduction

Scott Gartin^{PE} - Complete Street Guide - ~~related~~
related projects

Uda Kulhor - Administrative Assistant - 4E's

SWC

Gandra Walters - prior work includes

being FDOT District 6 ^{PID} Communications for

projects (good), currently part of Marketing
Team for Key West Bridge (good)

Worked on Key West & other Keys projects while
at FDOT.

Collette Don't get why CMTAS is part of project.

Blue Line Dan Burton is a good star before in walkability

DRMP

Sprinkles Consultants seem to have relevant exp in Bx & Red issues, planning at least as compared to DRMP but nothing like other firms.

SWC's Dean Walters was EDOT's PIO on 2.9 mi N. Prescott Blvd project 2012-2015

→ They have a thorough GIS data collection plan and capabilities. They seem to know what our GIS staff & say they can hold it up (good) ESR1 situation. Open Street Map. Map Box

→ Representative Bike Ped Plan Projects

- 1 SR 686 3R Project EDOT D7
- 2 Archer Blvd Trail Connector
- 3 Hanley Road Study, Design
- 4 Lealman Sidewalk Improvement

NO Bike Ped Plans

These guys very strong in parts of the approach including engineering, local outreach, but also critically short on work experience done in this area like SWC & Dan Burton but very afraid of highway / contractor emphasis as Lead -

Bike Lane Planning & Design Guide - data collection

All sub3 meet DSC Goals ✓

ADEPT - strategy & PR

Approach

Impressed their team came down here Aug 13/14
& did an independent bike tour.

They reference city's interest in the Big Jump!

Analysis of Bike League assessment. (nice)

Go through each of the 11 tests very

thoroughly & thoughtfully.

Already has very good understanding of city
and what its trying because of existing
and past work with the City. And they
demonstrate this with good project
description. Good mention of Car-Free Key
Journey project. Used demographic, journey
to work (census) and crash data to
tell picture of how travel is done
from where to where etc.

CGA

2

Bike crash data, crowd graphics.

"Active Transportation" Good discussion of ways to use crash data to program for improvements. Their "tour" provided further excellent insight.

Did Citi's Key West Cycling Capacity traffic study in 2012. Talked about bike lanes, "Bike/Ped Demand Analysis". Connection between transit & ped/bike!

"Level of ^{traffic} stress" on streets.

Task 5 Network Plan

Active Transportation Demand Search - Cook! Good discussion of Network Plan.

6 Engineering Plan - good discussion of Plan

Wayfinding ✓ very good discussion!

Bike Safety ✓

#7 4E's. Another good discussion

wayfinding for create xgb boards ✓

Pop Up bike lanes to get people interested

"Enforcement strategy education" ✓

data collection plan
