Hi Norman,

I just received the response from Central Office as to your request –

- I finally met with Ray Cullers with Creative Bus and discussed the bus Key West wanted to purchase off of TRIPS. It is OK for Key West to proceed with the purchase as described in the attached document.

You should be good to go to proceed.

Please be sure to provide the information as to which of our Agreements you will be using the funds and the follow up information when you place your order.

We will also need to know when you receive your vehicle to add to the District Inventory and to request the FDOT Control Number.

Let me know of any additional concerns.

Thank you,

Raymond Freeman

Subject: Support Van Purchase

Good Morning,

Do you have a status update relating to our request to purchase the transit support van using the specs we provided from Creative Bus Sales?

Best Regards,

Norman Whitaker
