Subject: RE: Vehicle for hire permit

Jim, as I mentioned this morning, this is not the only request. Before I respond to both, please let me know if you will be the sponsor, or should I direct the applicants to contact their district Commissioner or Mayor?

Thank you,
Carolyn

Subject: Vehicle for hire permit

Hi, I would like to know the process to obtain a vehicle for hire permit. I understand City Commission could hold a public hearing on requests for new licenses in October of each even-numbered year. I have been driving for Uber and Lyft for over 2 years without incident and would appreciate an opportunity to drive in Key West. Thank you for your consideration.
