Subject: Truck purchase Public Works

Greg,

In the public works budget it was set up to purchase 5~ ¾ ton (F250) trucks to go along with the replacement plan. Now that it has come time to order the trucks the department has determined that the replacement need is 4~ ¾ ton trucks and one 1 ton (F350) Truck. John has priced out the trucks and even with the change in order we are still within the budgeted amount.

Please approve this purchase and change to the line item for us to proceed.

THANK YOU
MARCUS DAVILA
