

DISTRICT 6/BAHAMA VILLAGE – ACTIVITIES SURVEY & BUILDING PROGRAMMING

Please questionnaire return by 4/10/2017

The City is trying to determine the highest and best potential use for an Annex Building to be built adjacent to the renovated Frederick Douglass Gym. All aspects of community services for this area are currently under review including recreational programs, community services, facility appearance, community access, parking, use of space and facilities, landscaping, pedestrian access, and the relationship of the Frederick Douglass Gym and Community Center to its adjacent neighborhoods as well as the local area.

Please fill out this questionnaire tonight if at all possible, or return it by dropping it off at City of Key West Planning Dept., City Hall, 1300 White St. before 5:00pm on Monday April 10, 2017. If you wish to provide suggestions for consideration during the programming and planning effort, please consider the following issues:

1. What community services do you feel are needed now? What activities/programs/support do you feel are lacking and need improvement?

2. What physical or environmental changes are needed to enhance the experiences of community residents/stakeholders in their daily lives, as well as guests and visitors to District 6? What isn't working and needs to be fixed?

3. What could be added to the Frederick Douglass campus that would make it more beneficial to your needs? What is the greatest facility need?

Currently

5 years from now

4. Rate current functions/activities at F.D. Gym and their usefulness to you. (circle one)

1 Not Very Useful	2 Somewhat Useful	3 Neutral	4 Useful	5 Very Useful
-----------------------------	-----------------------------	---------------------	--------------------	-------------------------

What area/aspect of the gym's activities do you consider to be the most useful/appealing?

5. Please rate how appealing you consider the appearance of the Gym Annex. (circle one)

1 Very Unappealing	2 Somewhat Unappealing	3 Neutral	4 Somewhat Appealing	5 Very Appealing
------------------------------	----------------------------------	---------------------	--------------------------------	----------------------------

6. If you have visited other Gyms or Recreation Centers, either local or within 150 miles, what feature(s) did you find most appealing there?

7. What specific issues do you believe the planning and programming consultant needs to pay close attention to? Creativity is welcomed.

8. Please indicate your priority level for improvements to the proposed Annex Building (below) in the the overall planning effort. 1 = Low Priority 5 = High Priority

Areas
