**Historic Architectural Review Commission  
Staff Report for Item 16**

**To:** Chairman Bryan Green and Historic Architectural Review  
Commission Members

**From:** Kelly Perkins, MHP  
HARC Assistant Planner

**Meeting Date:** June 27, 2017

**Applicant:** Guillermo Orozco

**Application Number:** H17-03-0022

**Address:** #1408 Petronia Street

---

**Description of Work:**

New rear addition and replacement of pool deck. Repair and replace of siding window sills as required.

**Site Facts:**

The one and a half story house at 1408 Petronia is listed as a contributing resource per the survey. The frame vernacular building first appeared on the 1912 Sanborn map. As of the 1962 Sanborn map, the building only had a one-story sawtooth structure on the rear. Between 1962 and 1962, a small shed roof addition was added on the rear. Over the years, the shed roof addition has been expanded and altered. Very little historic fabric remains, and the structure is in poor condition.

**Guidelines Cited in Review:**

Secretary of the Interior's Standards for Rehabilitation (pages 16-17), specifically Standards 2, 5, 6, 9, and 10.

2016 HARC Guidelines for Additions (pages 37a-37k), specifically guidelines 1, 2, 4, 5, 6, 11, 12, 13, 14, 19, 21, 22, 24, 25, 26, 30, and 31.

### **Staff Analysis**

This Certificate of Appropriateness proposes removing a rear shed roof addition. The new addition will have the same footprint as the existing shed roof addition. For the parts of the site that are outside of the setback, a gable roof to match the existing sawtooth will be constructed. For the areas that are inside of the side setback, the new addition will match the existing dimensions in height and form. The applicant is proposing to use composite board and batten siding for the new addition to distinguish it from the historic house. Metal impact resistant windows and doors will be installed. The gable end will have v-crimp roofing, while the shed roof will have TPO. Miscellaneous repairs will be done on the main house as needed, such as the repair or replacement of siding and window sills.

The plans also propose site work, with new Azek decking installed in the rear. The a/c equipment and pool equipment will be relocated to further back on the property.

### **Consistency with Guidelines**

1. The proposed addition will be located in the same footprint as the existing addition. The proposed gable addition will have the same size and form as the existing historic sawtooth. The rest of the new addition will match the existing in form and height. The proposed massing will be in keeping with the historic house and the neighboring properties.

It is staff's opinion that the proposed design is consistent with the guidelines for additions.

**CITY OF KEY WEST**  
**CERTIFICATE OF APPROPRIATENESS**  
**APPENDIX FOR DEMOLITIONS**  
APPLICATION NUMBER H-\_\_\_\_-\_\_\_\_-\_\_\_\_-\_\_\_\_\_

This document applies only to those properties located within the City of Key West Historic Zoning Districts, properties outside the historic zoning districts which are listed as contributing in the Historic Architectural Survey and or properties listed in the National Register of Historic Places.

Applications must meet or exceed the requirements outlined by the Secretary of the Interior's Standards for Rehabilitation and Guidelines for Rehabilitation and the Key West's Historic Architectural Guidelines. Once submitted, the application shall be reviewed by staff for completeness and scheduled for presentation to the Historic Architectural Review Commission for the next available meeting, unless the demolition request is for a *bona fide* Code Compliance case, in which case staff may review and approve the demolition request. **The applicant must be present at this meeting. Any person that makes changes to an approved Certificate of Appropriateness must submit a new application with such modifications.**

The filing of this application does not ensure approval as submitted. Applications that do not possess the required submittals or documentation will be considered incomplete and will not be reviewed for approval.

**CRITERIA FOR DEMOLITIONS**

Before any Certificate of Appropriateness may be issued for a demolition request, the Historic Architectural Review Commission must find that the following requirements are met (please review and comment on each criterion that applies);

- (1) If the subject of the application is a contributing or historic building or structure, then it should not be demolished unless its condition is irrevocably compromised by extreme deterioration or it does not meet any of the following criteria:

- (a) The existing condition of the building or structure is irrevocably compromised by extreme deterioration.
