RE: **1616 Bertha Street Unit 2 (permit application # T17-8533)**

FROM: Karen DeMaria, City of Key West Urban Forestry Manager

An application was received requesting the removal of **(1) Strangler Fig tree**. A site inspection was done on June 15, 2017 and documented the following:

Tree Species: Strangler Fig (*Ficus aurea*)

06/15/2017

06/15/2017

06/15/2017

Diameter: 7"

Location: 40% ("tree" grew on the roof of a small shed and sent roots down to the ground, very close to property line)

Species: 100% (on protected tree list)

Condition: 30% (very poor, poor structure-main root base was the roof of a shed)

Total Average Value = 56%

Value x Diameter = 3.9 replacement caliper inches

Recommendation: Recommend approval of the removal of one (1) Strangler Fig tree at 1616 Bertha Street Unit 2 to be replaced with 3.9 caliper inches of dicot or fruit trees from approved list, FL#1, to be planted on site.

Hi Karen,
Just checking in on this.
I'm sure you're playing 'catch-up' after being out of the office.
Please let me know if you need anything further.

Thank you,
Heather Sunderman

Karen,
The trees are all up against the fence, and the fence is right on the property line on the side, and fence is inside of the property line by about 7" in the back. Then we have the 5' setback. It looks safe to me, but you are the tree expert, not me.
Better safe than sorry!
The property owners can be reached at [\(305\)433-1734](tel:3054331734).

Thanks,
Heather Sunderman

Heather,

I am concerned about the location of the work and the existing protected trees (coconut Palms, Thatch Palm and ficus tree). I would like to go to the site and see the actual work area so I can measure off the distance and determine if there will be impacts. I will be out of the office until Friday, June 9.

Sincerely,

Karen
