To: Key West

Please see the quote below for sod replacement for 34,000 square feet.

**The cost for the work described below: \$43,260.06**

### **Scope of Work:**

1. Owner to identify and notify TMW of the depth of irrigation lines and mark all irrigation boxes irrigation heads, utility components, other undergrounds obstacles and etc.
2. TMW will sod cut and remove 34,000 square feet of sod.
3. TMW will dump removed sod to a location in close proximity of the fields.
4. TMW will provide the necessary hand work to prepare the seedbed to receive sod.
5. TMW will install 34,000 square feet of 419 Bermudagrass sod.
6. Owner responsible for pre-plant applications, soil amendments, and proper operation of irrigation systems.

### **Notes:**

- TMW is not responsible for damage to unidentified irrigation components or irrigation lines less than the identified depth or unmarked.
- The above price does not include pre-plant applications for pH adjustment or pre-plant fertilizer.
- The owner is responsible for grow-in of grass.

Thank you for the opportunity to bid on this project and future projects. If you have any questions, please contact Josh Slaven at 229-848-9338.

Sincerely,

Josh Slaven
