Subject: agenda #8

Dear Ms. DeMaria

I am writing to say I hope the Tree Commission will approve agenda #8, the heritage tree protection program. I think it's great for Key West!!!

Melissa Trader

Subject: The Heritage Tree Program

Dear Ms. DeMaria:

Due to my work schedule I am unable to attend tonight's Tree Commission Meeting.

As a homeowner in the HARC district, I am always looking for a way to keep the history alive. I am also very proud of my father and 3 of my brothers who have served in the Armed Forces. Knowing that we have trees here in Key West that were planted by our military who served during WWI was so exciting and awe inspiring. I hope that you are able to move forward with this project.

Thank you for your time.
