

Based on vandalism and resulting destruction of property the property owner at 1315 Whitehead Street requests the relocation of the approved AIPP installation. The newly proposed area for the "Resting Fisherman" Pelican installation is encircled in red and is primarily visible from Whitehead St.; a recommendation from AIPP to utilize height to keep objects in public view yet out of public reach was made on 1/10/17 during a site visit between the AIPP Admin and the project developer, Owen Trepanier.

Location of Proposed Public Artwork "Resting Fisherman"

THIS IS
NEW LOCATION

WHITEHEAD STREET
