

Mayor Cates and others,

The tropic for NOW is cutting down TREES FROM IRMA
DEVASTATION !!!!

It's one thing that you approve TREES THAT HAVE BLOWN DOWN BY IRMA, TO BE CUT DOWN!!!

But you should of checked with an ARBORIST, for him/her to approve the cutting
down of the TREES !!!

That specialized ARBORIST might of been able to SAVE the TREE or TREES !!!

It's so terrible that you and the commission just go and approve these beautiful TREES for Slaughter !!!!

It's the same old situation, NO CONSCIENCE NONE OF YOU HAVE ONE !!!

About 2 weeks ago a citizen was sitting in a TREE on Caroline Street, trying to
protect !!!

There's was life to that TREE !!! I SAW IT, EVERYONE SAW IT !!!!

She called out to Mari, she never returned the call, she wanted to know why this
Tree with GREEN Branches was being cut???

She never received an answer, this is Despicable !!!!!

How can you all Live with what you're doing !!! We
need TREES IN OUR LIVES !!!!

TRESS MATTER / SAVE A KEY WEST TREES
FROM SLAUGHTER !!!!

CIZITENS WHO CARE !!!

Sincerely,
Mary & Monte Parsons
