

**Historic Architectural Review Commission
Staff Report for Item 18**

To: Chairman Bryan Green and Historic Architectural Review
Commission Members

From: Kelly Perkins
HARC Assistant Planner

Meeting Date: January 23, 2018

Applicant: William Rowan

Application Number: H18-03-0003

Address: #1401 Grinnell Street

Description of Work:

Partial demolition of main roof. Demolition of front entry roof.

Site Facts:

1401 Grinnell Street contains a one-story modular house built in 2003. Before that, the lot was vacant. No structure appears on that site in any of the Sanborn maps. The house currently has a small covered entryway, but for most the part lacks any architectural distinction or character.

Guidelines Cited in Review:

Sec. 102-217 (2): Demolition of non-historic or non-contributing buildings.

Sec. 102-218 (b): Criteria for demolitions.

Staff Analysis

As the house was constructed 15 years ago, it is not historic. Therefore, demolition of the roof and front entry roof meets the following criteria:

- (1) The demolition will not diminish the overall historic character of a district or neighborhood;

- (2) Nor will it destroy the historic relationship between buildings or structures and open space.
- (3) This demolition will affect the front building façade, but the proposed design is an improvement on the building.
- (4) Staff does not believe elements that are proposed to be demolished will qualify as contributing as set forth in Sec. 1021-62(3).

Therefore, this request can be considered for demolition. As the building is not historic, only one reading is required for demolition.
