

**Historic Architectural Review Commission
Staff Report for Item 3**

To: Chairman Bryan Green and Historic Architectural Review
Commission Members

From: Enid Torregrosa, MSHP
Historic Preservation Planner

Meeting Date: February 27, 2018

Applicant: William Rowan, Architect

Application Number: H18-03-0004

Address: #1021 Washington Street

Description of Work:

Partial demolition of rear roof of existing garage. Second Reading

Site Facts:

The main house located at #1021 Washington Street is as a contributing resource to the historic district. The house, originally built circa 1926, has changed through time. Mr. Bernie Papy built the house, a 14 terms Florida Representative who served in the Florida House of Representatives representing Monroe County from 1935 until the 1962 term. The house is a unique example of a bungalow style located on a spacious lot. The house has been under renovations for the past years.

The existing three bay carport footprint was depicted for the first time in the 1948 Sanborn map. The current carport still stands as the carport depicted in a circa 1965 photograph taken by the property appraisers office. The structure is at grade and the flood zone is AE6. The applicant is requesting the minimum height in order to comply with flood requirements.

Ordinance Cited on Review:

- Section 102-217 (3), demolition for contributing and historic structures of the Land Development Regulations.

Staff Analysis

This report is for the second reading for partial demolition of a historic roof; In January 23, 2018, the Commission approved a proposed addition and first reading for partial demolition. The existing roof is in good condition.

It is staff's opinion that the base of the review of the demolition request be on the criteria under Chapter 102 Section 218 of the LDR's. The criteria state the following:

(a) The historic architectural review commission shall issue a certificate of appropriateness for an application for demolition:

- (1) If the subject of the application is a contributing or historic building or structure, then it should not be demolished unless its condition is irrevocably compromised by extreme deterioration or it does not meet any of the criteria of section 102-125(1) through (9).*

The rear portion of the roof does not present any evidence that it is irrevocable compromised by extreme deterioration.

The following is the criteria of section 102-125:

- 1 Embodies no distinctive characteristics of a type, period, or method of construction of aesthetic or historic significance in the city and is not a significant and distinguishable building entity whose components may lack individual distinction;*

Staff opines that the rear roof has no distinctive characteristics of a type or method of construction and is not significant to the overall character-defining elements of the structure.

- 2 Is not specifically associated with events that have made a significant contribution to local, state, or national history;*

It is staff understanding that no significant events have ever happened in the structure that has contributed to local, state, or national history.

- 3 Has no significant character, interest, or value as part of the development, heritage, or cultural characteristics of the city, state or nation, and is not associated with the life of a person significant in the past;*

The portion of the structure in question has no significant value as part of a development, heritage, or cultural record of the city.

- 4 Is not the site of a historic event with a significant effect upon society;*

The site is not associated to any significant event.

- 5 *Does not exemplify the cultural, political, economic, social, or historic heritage of the city;*

The portion of the structure in question is not an example of any social, cultural, or historic heritage of the city.

- 6 *Does not portray the environment in an era of history characterized by a distinctive architectural style;*

The portion of the structure in question is not an example of a distinctive architectural style.

- 7 *If a part of or related to a square, park, or other distinctive area, nevertheless should not be developed or preserved according to a plan based on the area's historic, cultural, natural, or architectural motif;*

The portion of the structure in question is not part of a park, square or distinctive area in the city.

- 8 *Does not have a unique location or singular physical characteristic which represents an established and familiar visual feature of its neighborhood or of the city, and does not exemplify the best remaining architectural type in a neighborhood; and*

Although the garage structure is a significant visual feature in the site, the rear portion of the roof in question does not possess any significant visual features.

- 9 *Has not yielded, and is not likely to yield, information important in history.*

The portion of the structure in question does not yield important information in history. The form of the gable roof will still be preserved.

In conclusion, it is staff's opinion that the Commission can consider the request for demolition of the rear portion of the roof as it complies with the criteria for demolition stated under the Land Development Regulations. If approved this will be the last required reading for demolition.

APPLICANT NAME:

WILLIAM ROWAN

I hereby certify I am the owner of record and that the work shall conform to all applicable laws of this jurisdiction. By receiving a Certificate of Appropriateness, I realize that this project will require a Building Permit approval **PRIOR to proceeding with the work outlined above** and that a final inspection is required under this application. I also understand that **any changes to an approved Certificate of Appropriateness must be submitted for review.**

 PROPERTY OWNER'S SIGNATURE	12/29/17 DATE AND PRINT NAME
---	---------------------------------

DETAILED PROJECT DESCRIPTION OF DEMOLITION

REMOVE TWO THIRDS OF REAR ROOF AND CONSTRUCT SHED DORMER. THE DORMER WILL BE SET BACK FROM THE EDGE OF THE ROOF 2 FEET AT THE EASTERN END AND 12' FROM THE WESTERN END

CRITERIA FOR DEMOLITION OF CONTRIBUTING OR HISTORIC STRUCTURES:

Before any Certificate of Appropriateness may be issued for a demolition request, the Historic Architectural Review Commission must find that the following requirements are met (please review and comment on each criterion that applies);

(1) If the subject of the application is a contributing or historic building or structure, then it should not be demolished unless its condition is irrevocably compromised by extreme deterioration or it does not meet any of the following criteria:

(a) The existing condition of the building or structure is irrevocably compromised by extreme deterioration.

NA.

(2) Or explain how the building or structure meets the criteria below:

(a) Embodies no distinctive characteristics of a type, period, or method of construction of aesthetic or historic significance in the city and is not a significant and distinguishable building entity whose components may lack individual distinction.

THE DEMOLITION IS RESTRICTED TO THE REAR TWO THIRDS OF EXISTING ROOF.

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

N.A.

(i) Has not yielded, and is not likely to yield, information important in history.

N.A.

CRITERIA FOR DEMOLITION OF NON-CONTRIBUTING OR NON-HISTORIC STRUCTURES:

The following criteria will also be reviewed by the Historic Architectural Review Commission for proposed demolitions. The Commission shall not issue a Certificate of Appropriateness that would result in the following conditions (please review and comment on each criterion that applies);

(1) Removing buildings or structures that are important in defining the overall historic character of a district or neighborhood so that the character is diminished.

A PORTION OF THE REAR ROOF AREA (NOT SEEN FROM PUBLIC ST.)
IS TO BE REMOVED AND A SHED ROOF CONSTRUCTED IN ITS
PLACE,

(2) Removing historic buildings or structures and thus destroying the historic relationship between buildings or structures and open space.

N.A.

(3) Removing an historic building or structure in a complex; or removing a building facade; or removing a significant later addition that is important in defining the historic character of a site or the surrounding district or neighborhood.

N.A.

(4) Removing buildings or structures that would otherwise qualify as contributing.

N.A.

Boundary Survey Report of part of Lots 4 & 5, all Lots 6 & 7, Block 6, KEY WEST WEBB REALTY COMPANY'S SUBDIVISION

NOTES:

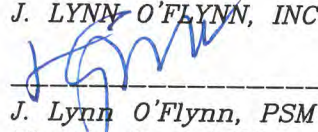

1. The legal description shown hereon was authored by the undersigned.
This survey does not determine or imply ownership.
2. Underground foundations and utilities were not located.
3. All angles are 90° (Measured & Record) unless otherwise noted.
4. Street address: 1021 Washington Street, Key West, FL.
5. This survey is not valid without the signature and the original raised seal of a Florida licensed surveyor and mapper.
6. Lands shown hereon were not abstracted for rights-of-way, easements, ownership, or other instruments of record.
7. North Arrow is assumed and based on the legal description.
8. Date of field work: August 26, 2015
9. Ownership of fences is undeterminable, unless otherwise noted.
10. The Survey Report is not full and complete without the attached Survey Map.

BOUNDARY SURVEY OF: A parcel of land on the Island of Key West and known on William A. Whitehead's map of said Island delineated in February A.D. 1829, as part of Tract Eighteen (18), and is now more particularly known and described as part of Lots Four (4) and Five (5), all of Lots Six (6) and Seven (7) of Block Six (6) of said Tract Eighteen (18), made by the Webb Realty Company and recorded in Plat Book 1, Page 42, of the Public Records of Monroe County, Florida, said parcel being more particularly described by metes and bounds as follows: **COMMENCE** at the intersection of the Northwestern right of way line of Washington Street with the Southwesterly right of way line of the said Washington Street and run thence Southwesterly along the Northwestern right of way line of the said Washington Street for a distance of 66.00 feet to the Point of Beginning; thence continue Southwesterly along the Northwestern right of way line of the said Washington Street for a distance of 121.00 feet to the Southerly corner of the said Lot 7; thence Northwesternly and at right angles along the Southwesterly boundary line of the said Lot 7 for a distance of 112.00 feet to the Westerly corner of the said Lot 7; thence Northeasterly and at right angles along the Northwesternly boundary line of the said Lots 6 and 7, for a distance of 95.75 feet to the Northerly corner of the said Lot 6; thence Southeasterly and at right angles for a distance of 22.33 feet to the Westerly corner of the said Lot 4; thence Northeasterly and at right angles along the Northwesternly boundary line of the said Lot 4 for a distance of 25.25 feet; thence Southeasterly and at right angles for a distance of 89.67 feet back to the Point of Beginning.

BOUNDARY SURVEY FOR: Evan Bell;
Wells Fargo;
Sanchez & Ashby, P.A.;
Chicago Title Insurance Company;

I HEREBY CERTIFY that this survey was made under my responsible charge and meets the Standard of Practice as set forth by the Florida Board of Professional Surveyors & Mappers in Chapter 5J-17, Florida Administrative Code, pursuant to Section 472.027, Florida Statutes.

PROPOSED DESIGN

1021 WASHINGTON STREET KEY WEST, FLORIDA 33040

PROPOSED WORK

- RELOCATE AND ELEVATE EXISTING HISTORIC GARAGE.
- FINISH INTERIOR OF EXISTING GARAGE PER PLANS
- REPLACE EXISTING WOOD DOORS WITH IMPACT RATED DOORS
- REGRADE EXISTING YARD TO ACCOMMODATE NEW ELEVATION
- INSTALL NEW WOOD DECK FROM RELOCATED GARAGE TO EXISTING RESIDENCE.

All work shall comply with the Florida Building Code, latest edition, and all applicable laws, codes and ordinances of the city, county, and the state of Florida. In the city of Key West, applicable Codes forming the basis of this design and compliance requirements for the contractor include:

BUILDING:	Florida Building Code, 2014
ELECTRICAL:	National Electrical Code, 2014
PLUMBING:	Florida Building Code (Plumbing), 2014
MECHANICAL:	Florida Building Code (Mech.), 2014
GAS:	LP Gas Code, 2014 edition (NFPA 58)

This project is designed in accordance with A.S.C.E. 7-10 to resist wind loads of 180 mph (gusts) (Exposure C)

DEMOLITION NOTES

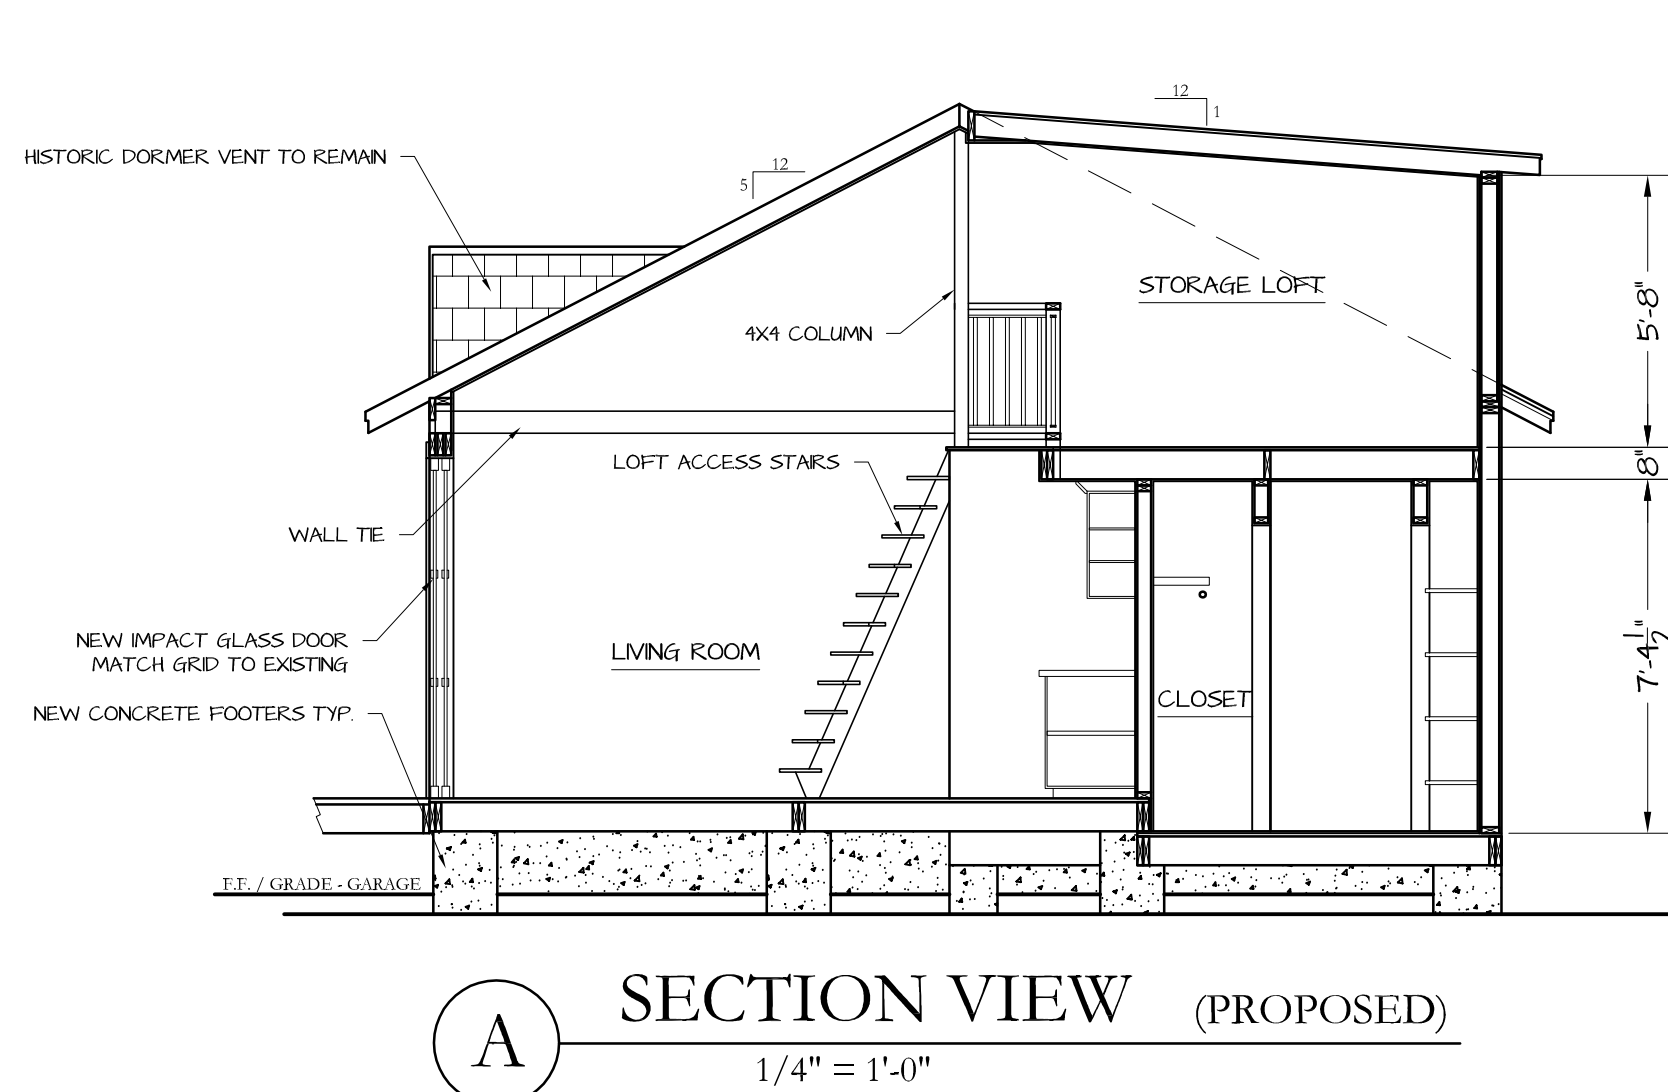

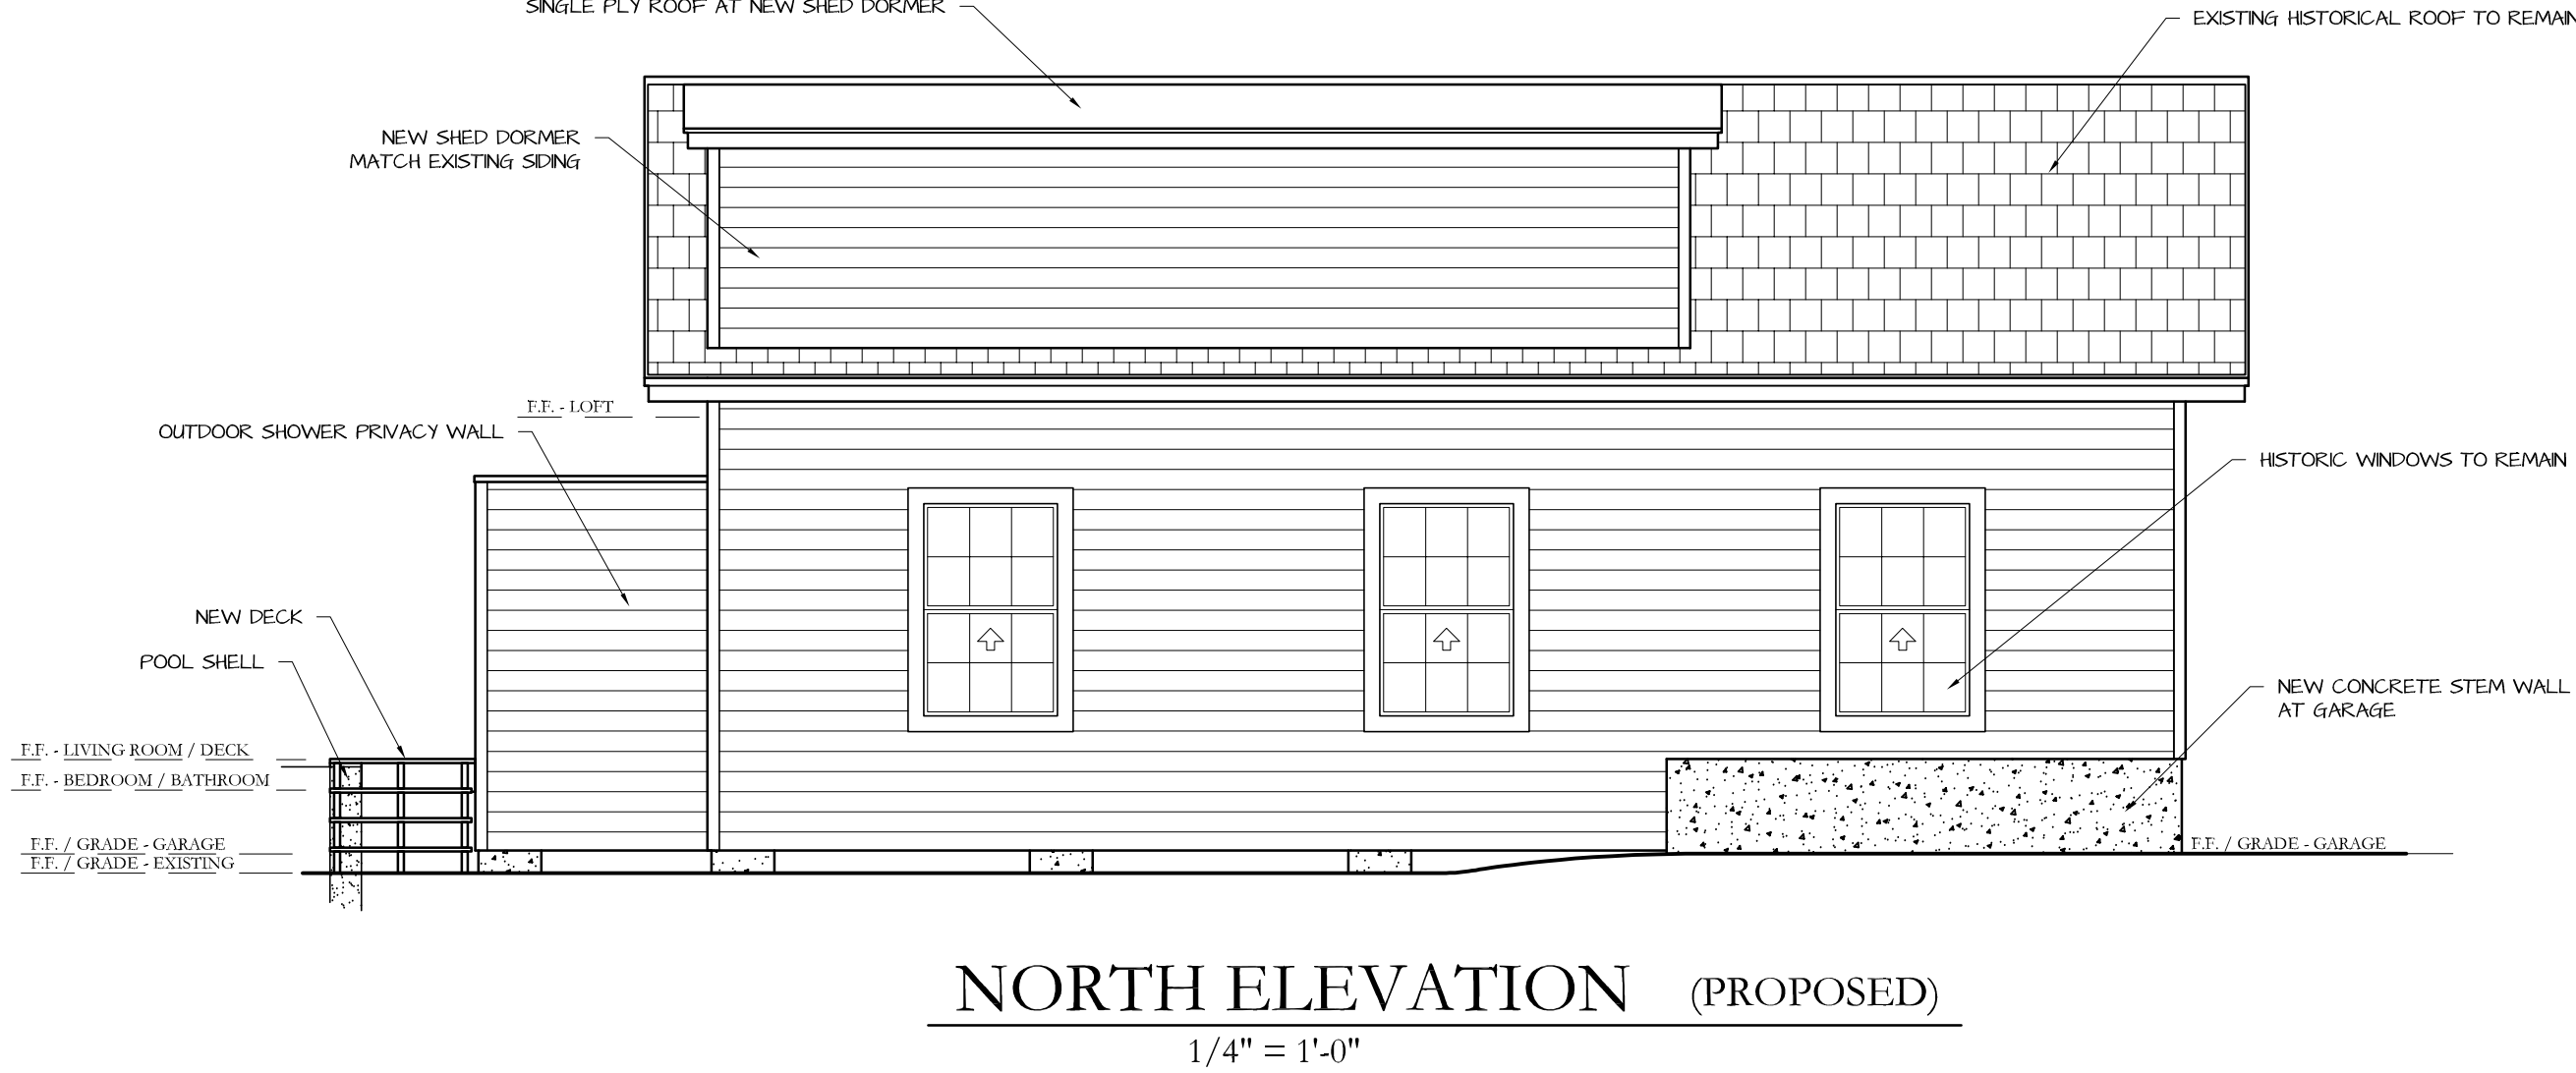

1. IF Demolition commences prior to permit, GC shall obtain demo permits.
2. Furnish all labor and materials as required to complete demolition and removal of all items as indicated.
3. Provide strict control of job cleaning and prevent dust and debris from emanating from demolition area. Keep area clean.
4. IF any questions arise as to the removal of any material, clarify the point in question with the architect or owner before proceeding.
5. At completion of demolition work the construction areas shall be left in 'broom clean' condition. All debris and misc. material shall be moved to waste area provided by the contractor.
6. Debris removal must be performed in accordance with owner and building management requirements and procedures.
7. Carefully remove all existing light fixtures and lenses (where demolition is noted) and store for future use. Before indicated reinstallation, inspect each fixture and repair or replace parts as required. All relocated fixtures shall be in full operating order. All tubes and/or ballasts not reused shall be disposed of in a proper manner.
8. In partitions to be removed, remove all outlets, switches, wires, etc. to their source as required.
9. Contractor shall be responsible for patching and/or repairing any damage caused by him or his subcontractors to existing construction. Refinish to match existing adjacent finish or as noted herein.
10. No existing smoke detector, public address speaker, fire alarm box or similar device, including the associated wiring shall be damaged during demolition and subsequent construction. Relocation of smoke detectors, public address speakers and fire alarm equipment, necessitated by new construction shall be accomplished as a first priority, and per the plans. No active smoke detector shall be covered or otherwise removed or used for other than its intended purpose.
11. Remove all interior doors UNO.
12. Removal of any equipment, cabling, switches, and conduit pertaining to data/communications and telephone shall be verified with telephone companies or service owner data/communications representative as required to prevent new construction delays.
13. Carefully remove windows and doors as noted in plans for possible reuse.
14. Demolition is not necessarily limited to what is shown on the drawings. The intent is to indicate the general scope of demolition required to complete the work in accordance with the contract drawings.
15. Shore or support headers as needed.
16. Contractor to coordinate with owner for reuse of existing millwork.
17. Verify with Architect or Engineer before removal of any structural support not shown in drawings.
18. Support walls and roof with temporary supports during relocation of building.
19. Replace existing sill beam where needed when placed on new footers and stem wall.
20. Use extreme caution with existing siding, roofing, and historical members.

- CONSTRUCTION PLAN GENERAL NOTES
1. Do not scale drawings, written dimensions govern. All partition locations shall be as shown on the partition plan. In case of conflict, verify with the owner or architect.
 2. All new gypsum board partitions shall be taped and sanded smooth with no visible joints. Patch and repair surfaces to match adjacent or adjoining surfaces where required. All surfaces shall be aligned and sanded smooth.
 3. All partitions are dimensioned from finish face of gypsum board unless otherwise noted. All dimensions marked "Clear" or "clr" shall be maintained and shall allow for thicknesses of all wall finishes, UNO.
 4. Dimensions noted "clear" or "clr" must be accurately maintained and shall not vary more than +/- 1/8" without instruction from architect and/or owner, as applicable.
 5. Dimensions marked +/- mean a tolerance not greater nor smaller than 2 inches from indicated dimension, UNO, verify field dimensions exceeding tolerance with architect or owner.
 6. All dimensions to the exterior window wall are to the inside face of sill, UNO.
 7. Notify architect or owner of any discrepancies or conflicts in the locations of the new construction.
 8. All exposed gypsum board edges to have metal edge trim work or equivalent.
 9. All work shall be directed and installed, plumb, level, square, and true and in proper alignment.
 10. Obtain approval from architect or owner, as applicable, prior to modifying building components, systems and items not identified prior to adjusting any and all other field conditions required to fit plans.
 11. All existing and new floor penetrations for piping shall be fully blocked and sealed in accordance with the applicable building fire codes.
 12. Trim the bottoms of the doors to clear the top of finished floor, as applicable, by 1/2" maximum, UNO. Verify slide conditions, trim each door to fit condition. Where radical variations in floor elevation exist, doors shall be ordered with bottom stile sized to accommodate these undercut conditions.
 13. Dimensions locating doors are to the inside of edge of jamb, UNO.
 14. All "wet walls" to receive concrete board or green board.
 15. Remove all concrete slabs on grade to be under new wood framed deck.
 16. New location of garage to be min. 5' from side property line and min. of 7.5' from rear property line.
 17. Grade existing earth to accommodate new garage floor.

[illegible]

NOTICING

Public Meeting Notice

The Historic Architectural Review Commission will hold a public meeting at **5:30 p.m., January 23, 2018 at City Hall, 1300 White Street**, Key West, Florida. The purpose of the hearing will be to consider a request for:

RELOCATION OF EXISTING GARAGE AND RAISING THE STRUCTURE APPROXIMATELY 2'-5". GARAGE TO BE RE ADAPTED TO GUEST HOUSE WITH NEW REAR SHED DORMER AND GLASS DOORS. PARTIAL DEMOLITION OF REAR ROOF OF EXISTING GARAGE.

#1021 WASHINGTON STREET
