

Hi Karen,  
The agenda for tonight:

#2 to #6 it's a terrible shame but I'm sure they will be all approved to be cut down,  
I HAVE A SUGGESTION Why not have the owner plant a new  
TREE FIRST TO MAKE SURE THEY PLANT IT THEN GO AHEAD AND REMOVE THE PLANT THAT HAS  
BEEN APPROVED???

#7 Why does the Nuisance and Exotic Vegetation need to be removed can't they work around them??

#8 People need to be educated where to plant trees of all kinds!! and don't say it was a bird that dropped it that's a cop out!

#9 Can some of those Saplings of the Spanish Lime be replanted? From the pictures it looks like there's plenty of space on the property??

#10 I'm glad that the recommendation to have those 2 trees was Denied and I hope the rest of the Tree Commission agrees as well!!

P.S. Block what visibility from whom??

#11 No comment

#12 This person who did this terrible thing should have the maximum fine if possible plus have to dig out the old dirt, then replace the new dirt and replant a tree at his expense!!!! Plus not allowed to participate there at Mallory Square Sunset for a year!!

#13 Fine him and make him do community service for a year!!

#14 Fine him and make him do community service for a year!!

#12 to the #14 They should all go the Special Master of the City of Key West for further action!!

This is Great News that the Tree Commission is recommending that the Beautiful Royal Poinciana Tree will be the OFFICIAL TREE OF KEY WEST !!!  
I hope that date will be effective immediately !!

A Very Concerned Citizen of Beautiful Key West

Thank You,  
Mary Parsons
