Subject: Mahogany Tree

Hi Karen, We live at 2509 Seidenberg Ave. next door to the Peters residence at 2505 that are the owners of the tree in question. We are totally in support of their decision to remove this tree do to the damage the root system has caused to their property as well as ours. I have seen the damage to their foundation and porch area that the owner had previously repaired in the past. In addition, the roots are pushing up our driveway and wrapping around the sewer line as well.
