

**Historic Architectural Review Commission
Staff Report for Item 13**

To: Chairman Bryan Green and Historic Architectural Review
Commission Members

From: Enid Torregrosa, MSHP
Historic Preservation Planner

Meeting Date: June 26, 2018

Applicant: Oropeza, Stones & Cardenas

Application Number: H18-03-0026

Address: #231 Front Street

Description of Work:

Removal of existing awning structure on Pier B.

Site Facts:

Pier B is a private own cruise ship landing located in the west side of the island. Originally, the pier was part of the property declared as surplus from the Naval Station. Originally, the pier was a wooden dock, built around 1910. In the 1930s, a reinforced concrete pier replaced the old wooden one and during WWII, the main platform was strengthened and reinforced. The pier consists of two platforms with a main connector to land. The easternmost platform used to have the docks storage facilities with an observation tower, which was demolished in the 1990s. Currently the pier connector has a metal fence and a frame covered canopy as the entry/ exit post. Pier B is one of four main piers that had survived from the Navy era in the western basin, Mole Pier being the other one. In order to accommodate larger vessels, during the 1990s, the westernmost platform was increased in size by extending the north and west sides.

Ordinance Cited on Review:

- Section 102-217 (2), demolition for non-contributing or non-historic structures of the Land Development Regulations.

Staff Analysis

The Certificate of Appropriateness proposes the removal of a non-historic covered structure that serves as an entry/ exist shelter for tourists on board of cruise ships docking at Pier B. The structure has no architectural quality and is not a significant structure within the site. Since the structure in question is non-historic, this review shall be based on section 102-218 (b), which requires the following criteria for demolitions: The historic architectural review commission shall not issue permits that would result in:

- (1) *Removing buildings or structures that are important in defining the overall historic character of a district or neighborhood so that the character is diminished;*

It is staff's opinion that the removal of the current shelter will not jeopardize nor will diminish the character of the area.

- (2) *Removing historic buildings or structures and thus destroying the historic relationship between buildings or structures and open space;*

The structure to be demolished is not historic.

- (3) *Removing an historic building or structure in a complex; or removing a building facade; or removing a significant later addition that is important in defining the historic character of a site or the surrounding district or neighborhood.*

The non-historic structure is not significant or important in defining the historic character of the site.

- (4) *Removing buildings or structures that would otherwise qualify as contributing, as set forth in section 102-62(3).*

It is staff's opinion that the structure in question will not qualify to be a contributing resource to the historic district in a near future.

In conclusion, it is staff's opinion that the Commission can consider the requested demolition as it complies with the criteria stated under the Land Development Regulations. If approved, this will be the first and only required reading for the demolition.

PROPOSED DESIGN

GENERAL NOTES:

1. IT IS THE INTENT OF THE ARCHITECT THAT THIS WORK BE IN CONFORMANCE WITH ALL REQUIREMENTS OF THE BUILDING AUTHORITIES HAVING JURISDICTION OVER THIS TYPE OF CONSTRUCTION AND OCCUPANCY. ALL CONTRACTORS SHALL DO THEIR WORK IN CONFORMANCE WITH ALL APPLICABLE CODES AND REGULATIONS.
2. THE CONTRACTOR SHALL VERIFY ALL CONDITIONS AND LOCATIONS AND DIMENSIONS AT THE JOBSITE PRIOR TO COMMENCING WORK. THE CONTRACTOR SHALL REPORT ALL DISCREPANCIES BETWEEN THE DRAWINGS AND EXISTING CONDITIONS TO THE ARCHITECT PRIOR TO COMMENCING WORK.
3. CONTRACTOR SHALL SUPPLY, LOCATE AND BUILD INTO THE WORK ALL INSERTS, ANCHORS, ANGLES, PLATES, OPENINGS, SLEEVES, HANGERS, SLAB DEPRESSIONS AND PITCHES AS MAY BE REQUIRED TO ATTACH AND ACCOMMODATE OTHER WORK.
4. ALL DETAILS AND SECTIONS SHOWN ON THE DRAWINGS ARE INTENDED TO BE TYPICAL AND SHALL BE CONSTRUED TO APPLY TO ANY SIMILAR SITUATION ELSEWHERE IN THE WORK EXCEPT WHERE A DIFFERENT DETAIL IS SHOWN.
5. SUBSURFACE SOIL CONDITION INFORMATION IS NOT AVAILABLE. FOUNDATIONS ARE DESIGNED FOR A SOIL BEARING CAPACITY OF 2500 PSF. THE CONTRACTOR SHALL REPORT ANY DIFFERING CONDITIONS TO THE ARCHITECT PRIOR TO COMMENCING WORK.
6. THESE DOCUMENTS, AS INSTRUMENTS OF SERVICE, ARE THE PROPERTY OF THE ARCHITECT AND MAY NOT BE USED OR REPRODUCED WITHOUT EXPRESSED PRIOR WRITTEN CONSENT FROM THE ARCHITECT.

NOTES:

1. DO NOT SCALE DRAWINGS!
2. FIELD VERIFY ALL DIMENSIONS!
3. CONTRACTOR TO VERIFY ALL EXISTING CONDITIONS, AND NOTIFY ARCHITECT IF ANY DISCREPANCY W/ DRAWINGS. (SEE GENERAL NOTES)
4. ALL AREA CALCULATIONS ARE APPROX.
5. CONTRACTOR TO COORDINATE ALL EXISTING & PROPOSED FINISH GRADES & DRAINAGE W/ CIVIL DRAWINGS.
