

**Historic Architectural Review Commission
Staff Report for Item 9**

To: Chairman Bryan Green and Historic Architectural Review
Commission Members

From: Kelly Perkins
HARC Assistant Planner

Meeting Date: October 23, 2018

Applicant: T. Seth Neal

Application Number: H2018-0006

Address: #1116 Packer Street

Description of Work:

New one-story rear addition

Site Facts:

The one-story, frame structure located 1116 Packer Street is listed as a contributing resource in the survey and first appears on the 1912 Sanborn map with a long one-story addition on the rear. Sometime after 1962 and before 1965, that rear addition was enlarged to a two-story building, as evidenced by a historic photograph. Another one-story addition was added sometime after 1962. The rear addition has been greatly altered over the years.

This property came to HARC in 2015 for renovations to the entire house.

Guidelines Cited in Review:

Secretary of the Interior's Standards for Rehabilitation (pages 16-17), specifically standards 9 and 10.

Additions and Alterations (pages 37a-37k), specifically guidelines 1, 5, 6, 11, 12, 13, 14, and 19.

Staff Analysis

The Certificate of Appropriateness in review proposes a small addition on the rear of the existing building. The new addition will serve as a gazebo-type structure to create a rear covered porch. The new additions will be approximately 10 feet tall and will be made of wood.

Consistency with Guidelines

The proposed porch addition will be attached to a non-historic portion of the house. The porch addition has an appropriate massing that is much smaller than the massing of the main house. It is staff's opinion that the proposed plan is consistent with the guidelines pertaining to the Additions and Alterations and Secretary of the Interior's Standards.
